Japanese Land Some Troops On Island Of Luzon

"Considerable" Force Of Japanese Troops Reported Landed In Philippines

TRANSPORTS HIT BY U. S. BOMBERS

Troop Landings Occur About 300 Miles From Manila, Says Report

By ROBERT ROBB
International News Service Staff Correspondent

MANILA, Dec. 10.—Japanese troops landed "in considerable strength" on Luzon, chief island of the Philippines today—going ashore despite a merciless attack upon their transports by American bombing planes which sank one ship and damaged another.

EDITOR'S NOTE: A British radio broadcast picked up by NBC said the American air force successfully operated against Japanese navy units attacking the Philippines, damaging several navy units and scoring hits on three Japanese transports.

Other short wave broadcasts from the Orient said a Japanese invasion of northern Luzon was being combated by heavy concentrations of American warplanes.

(A Japanese military communiqué, however, claimed Nippon's troops were "rapidly continuing operations" in the Philippines after landing at dawn.)

Forces Land
The landings of "considerable" Japanese forces on Luzon Island was announced by United States Army Far Eastern headquarters.

The Japanese landings were said to have occurred at Aparri at the extreme northern tip of Luzon Island, about 300 miles from Manila and at Bigam, 75 miles south of Aparri.

The official bulletin said the landings occurred at dawn.

Stanley Matthews, of South Mercer street, has returned from a deer hunting trip, and was successful in bagging a ten point buck.

Henry Gibson of 1120 South Mill street, will watch with particular interest the final run of the street cars on Thursday. Mr. Gibson resided on Mill street at the corner of Friendship street when the first car was run. He recalls the tracks for the Mill street to Long avenue run being put in place, and Phillips' hill being cut down.

Tomorrow will see the end of operation of street cars on the trolley lines in this city. Last runs will be made Thursday morning. Quite a number of New Castle residents can recall the days when the first cars were put into operation about 50 years ago. Bus lines will replace the trolley lines Thursday afternoon.

Apparently the birds who have pre-empted the trees in the public square didn't take very seriously Mr. Fox's invitation via fireworks to leave their home on the square. They were back in the trees in large numbers last night.

War Department Says Luzon Attack Of Japs Defeated

(BULLETIN)
(International News Service)
WASHINGTON, Dec. 10.—The war department in the first official communiqué of the war today announced the defeat of a "hostile attack" against the west coast of Luzon in the Philippine Islands.

The attack occurred between the cities of San Fernando and Vigan, the war department said.

The communiqué also disclosed that bombing attacks

on six enemy transports on Vigan resulted in direct hits on three Japanese ships and damage to the remaining three.

One ship capsized and sank immediately.

The war department communiqué said the information was received last night from Gen. Douglas MacArthur, head of the Far Eastern command.

The navy air force participated in the attack in close cooperation with the army, the communiqué said.

New Battle Develops On Malayan Peninsula

By S. A. WYKES
International News Service Staff Correspondent

SINGAPORE, Dec. 10.—A new battle broke out north of Kuantan on the Malayan Peninsula today as Japanese forces once more attempted a landing under terrific British bombing.

An official British military communiqué said the Japanese were being held back in their efforts to land heavy reinforcements on the northern section of the peninsula for a push across Malaya above Singapore.

"The enemy continued its air and land efforts in North Malaya without making much progress," the communiqué said.

Landing Attempted
"Early Wednesday the Japanese were reported to have attempted a landing on the Malayan East coast just north of Kuantan, half way between Singapore and Ipoh."

False Air Raid Alarm Heard In Philadelphia

(International News Service)
PHILADELPHIA, Dec. 10.—A false air raid alarm was sounded today within the home defense system in Philadelphia, Camden and Atlantic City because of the "over-zealousness" of a new man.

Officials explained that a "new man" within the checkboard system of alarms mistook a certain indicator and immediately flashed the false alarm. Due to a checkboard plan, however, the alarm was not sounded throughout the city and an "all-clear" was flashed on the checkboard immediately.

City Tax Levy To Be 11 Mills Fink Reports

Half Mill Increase Over Rate For Past Year He Announces

TOTAL CITY BUDGET WILL BE \$657,231

It will cost the taxpayers \$657,231 to operate the city in 1942 and to raise this sum city council will be required to impose a tax levy of 11 mills, or one-half mill higher than effective this year, according to a statement issued today by Finance Director James L. Fink.

Fink pointed out there has been a shrinkage of approximately \$1,400,000 in assessed valuations, both property and occupational.

He also asserted that last July, council increased city workers' wages and has made arrangements for another raise in 1942 pay envelopes.

In addition, some new motorized equipment must be purchased, \$20,000 expended at the sewage plant, Mahoning avenue viaduct repaired and repainted and because of the making in 1942 of the triennial assessment for 1943-45 inclusive, additional city employees must be employed.

Figures Given

He cites proposed figures for 1942 as follows:
Operation and maintenance, \$620,531, compared to \$590,565.87 for 1941.

Debt service, \$1,000, the same as this year.

Capital outlay, \$25,700, compared to \$16,010 for 1941.

Total estimated expenditures, \$657,231, compared to \$614,575.87 for 1941.

Referring to capital outlay, which actually means the estimated needed for wages, new equipment, additional help and repairs, Fink pointed out:

"The city in July raised the wages of city workers. The provisions (Continued On Page Eight)

Japanese Say Guam Is Taken

(International News Service)
TOKYO, Dec. 10.—(Official Japanese Wireless)—Japanese troops have "firmly established themselves" on the American island of Guam in the Pacific, imperial headquarters asserted today.

A communiqué said:
"Japanese military and naval forces succeeded, in close cooperation with each other, in securely establishing themselves on the island of Guam."

An official broadcast said that Guam is now "occupied."

City Bus Line Service Will Be Started Here On Thursday Afternoon

Arrangements have been completed by Superintendent T. C. Moore for the inauguration of the city's new bus service on Thursday afternoon.

The change from the present street car and bus service to the new all-bus service will be made starting at 2 o'clock, following an inaugural parade of the buses and a luncheon to invited guests at the Castleton hotel.

Start Tour
Shortly before 11 o'clock in the morning thirteen new buses will be lined up in Jefferson street adjacent to Public square. The inaugural trip will start from this point at 11:00. The first six buses in the line will be reserved for invited guests.

From the square the long line of buses will move north over the Jefferson street route. Making the round trip over the Jefferson route the buses will return to the square and then proceed east over the Cascade Park route.

Luncheon For Guests
On the return from the park the first six buses will proceed to The

Honolulu Hears Heavy Explosions

Speculation On Possible Naval Battle Out On Pacific

NEW BLACKOUTS AT PEARL HARBOR

By RICHARD HALLER
International News Service Staff Correspondent

HONOLULU, Dec. 10.—Explosions that sounded like the fire of heavy naval rifles rolled dimly over Honolulu today from out over the Pacific, leading to speculations that United States sea forces had contacted the Japanese "suicide" squadrons that loosed the savage raid on this island Sunday and set off the war.

For the third straight night Honolulu and Pearl Harbor, the great American naval base, were blackened out as continued careful checks were made for casualties of Sunday's unprovoked bombings. The toll is now more than 1,500 with about half of these fatalities.

List of Casualties Complete
Admiral Husband E. Kimmel, commanding the Pacific fleet, announced that complete lists of the military dead and wounded had been sent to Washington from whence survivors will be informed.

He made no mention of the number. Neither has any accurate count been announced as to civilian casualties, although city officials said they were severe. Property damage also is acknowledged to be heavy, although unestimated.

Speedy forces from Pearl Harbor were seen putting to sea even while death rained from the skies Sunday. It is presumed these have caught up with the Japanese carrier, or carriers, and escorting ships and have engaged them, or may have intercepted fresh enemy contingents heading for the battered island.

The fate of the islands of Midway, Wake and Guam, American air and naval bases between Honolulu and Manila, had not been cleared up. The Japanese claimed success in occupying the islands but United States officials in Honolulu would not confirm the claims. All they would say was that enemy reports might be expected to be exaggerated.

PRODUCTION OF SLOT MACHINES TO BE HALTED

(International News Service)
WASHINGTON, Dec. 10.—The OPM announced today that manufacture of slot machines or what it termed "so-called one-armed bandits" will be prohibited entirely starting February 1.

It also was announced that output of automatic phonographs, more familiarly known as juke boxes, and weighing, amusement and game machines will be gradually cut so that a 5 per cent reduction will be in effect February 1.

The ordering forcing the cuts, it was made clear, was drawn up before outbreak of the war, thus indicating that production of such machines may be eliminated entirely soon.

The machines used strategic materials such as copper wire and aluminum. No aluminum, it was said, must be used in any form in manufacture.

Later, the OPM said, it will deal with other coin-operated machines such as cigarette, food, candy and soft drink vending devices.

Radio Report Via Berlin Also Claims King George Is Sunk

(BULLETIN)
(International News Service)

LONDON, Dec. 10.—The British admiralty admitted officially today that the battleship Prince of Wales and battle cruiser Repulse have been sunk.

"The board of admiralty regrets to announce a report has been received from Singapore that H. M. S. Prince of Wales, commanded by Capt. J. C. Leach, and flying the flag of Admiral Sir Tom Phillips, and H. M. S. Repulse, commanded by Capt. W. G. Tennant, have been sunk," the admiralty statement said.

"They were sunk while carrying out operations against a Japanese attack on Malaya. No details are yet available except those contained in the Japanese official communiqué, which claims both ships were sunk by air attacks."

Admission that the 35,000-ton battleship and the 32,000-ton battle cruiser had been lost came after first news of their destruction was issued by Japanese imperial headquarters in Tokyo.

EDITOR'S NOTE: The Japanese communiqué said the two powerful vessels were sunk off the east coast of Malaya by Japanese bombing planes.

Air Raid Alarms Sounded Again

Army Commander Says Alarms Are Not Sounded As Tests

ENEMY PLANES BELIEVED NEAR

By JAMES L. KILGALLAN
International News Service Staff Correspondent

SAN FRANCISCO, Dec. 10.—Blackouts plunged the San Francisco bay area and the state capital, Sacramento, 90 miles inland, into total darkness shortly before dawn today as the roar of enemy planes off the California coast presumably had been picked up by delicate army electrical detectors.

The San Francisco blackout lasted 57 minutes, from 2:23 a. m. until the "all clear" signal was given at 3:20 a. m.

Sacramento went dark at the same time but the blackout in that city was lifted two minutes earlier.

Radio Stations Down
In southern California—Los Angeles, San Diego and Santa Barbara—radio stations were ordered shut down by the Federal Communications Commission.

That the blackouts were "the real thing" and not tests was apparent, for Lieut. General John L. DeWitt, commanding the fourth army, had only a few hours previously assured the citizens of San Francisco that: "We will never darken this community nor sound an alert unless enemy planes are threatening."

The 2,000,000 residents of San Francisco and environs took the blackout with comparative calmness and efficiency, although a few vigilant beams of light occasionally stabbed through the deep darkness.

Famous western hotels, such as the Palace, were as dark and silent as gigantic tombs during the blackouts. A switch was pulled in the Palace, plunging the hotel into complete darkness.

This correspondent was forced to walk down six floors in the hotel because all service depending upon electricity had ceased.

In the downtown streets little groups of men and women hugged the walls and doorways of buildings and peered into the moon-streaked sky.

There was no excessive excitement in the great city by the Golden Gate.

HOW ABOUT CHRISTMAS CARDS, BOYS?

Buy Christmas Seals

CITY BUS SERVICE TO START THURSDAY

(Continued From Page One)

ple who rode downtown to business or on their Christmas shopping in a street car or old bus in the morning will go home in the afternoon in one of the new vehicles.

No confusion will result in the change in service as the buses will operate over the same routes used heretofore. No change in rates of fare in ticket arrangements will be made. All outstanding tickets of New Castle Electric Street Railway Company will be accepted as fare by the new company and weekly passes will be honored throughout the week the same as though no change in companies had been made.

Some Changes

Aside from the great improvement in service through the completion of the modernization program, the factor in the new service chiefly noticed by the riders will be a difference in the combination of lines for through service.

For instance the Highland and Mahoningtown lines will be united for through service. Instead of stopping nearly a block from Washington street, the street cars will operate across the street and will take on and let off passengers directly at this important hub of the business section.

The buses coming south off the Highland route will cross Washington street before stopping, taking on and discharging passengers at the Citizens' bus stop. Northbound buses from Mahoningtown likewise will cross Washington street before crossing, making their stop at the Isaly store.

The Cascade Park and West Side lines also will be joined for through service. On this route there will be a slight change, the only departure from the present routes in the city. This will be the operation of the buses in Jefferson street between public square and Grant street, instead of through North Beaver street.

The other two lines of the city, the Croton and the Jefferson, also will be joined for through service, traversing their present routes.

WAR DEPARTMENT SAYS LUZON ATTACK OF JAPS DEFEATED

ticial war department communique issued shortly before 11 o'clock today.

"Information received last night from the commanding general Far Eastern command reveals the defeat of a hostile attack against the west coast of Luzon between San Fernando and Vigan.

"Our first bombing attacks on six transports resulted in direct hit on three hostile ships and damage to the remaining three, one ship capsizing and sinking immediately.

"The navy air force participated in the attack in close cooperation with the army. No operations have as yet materialized in the southern island."

The terse two-paragraph communique made no estimate of casualties suffered by the Japanese in the successful repulsion of the attacking force.

The size of the attacking Japanese force was undetermined, pending receipt of complete reports from General MacArthur. However, it was said that the Japanese operation was accompanied by protective enemy aircraft operations which were fought off by American flyers and anti-aircraft crews.

The reference in the communique to operations in the southern islands primarily concerned Davao, where other Japanese landing attempts have been reported.

The results of army operations in this later region have not yet been received in full by the war department in Washington, it was said.

PRESIDENT SAYS HITLER AND DUCE ARE U. S. ENEMIES

(Continued From Page One)

Wake, and Midway Islands probably had been lost.

But he pointed out that "every single man, woman and child is a partner in the most tremendous undertaking of our American history," adding that "we must share together the bad news and the good news, the defeats and the victories—the changing fortunes of war."

"I repeat," he said in chilling tones, "that the United States can accept no result save victory, final and complete. Not only must the shame of Japanese treachery be wiped out, but the sources of international brutality, wherever they exist, must be absolutely and finally broken."

"We expect to eliminate the danger from Japan, but it would serve us ill if we accomplished that and found that the rest of the world was dominated by Hitler and Mussolini."

At War With U. S.

"Remember always that Germany, and Italy, regardless of any formal declaration of war, consider themselves at war with the United States at this moment just as much as they consider themselves at war with Britain and Russia. And Germany puts all the other republics of the Americas into the category of enemies."

Mr. Roosevelt frankly said all plans are being laid on the basis not only of a long war, but a hard one.

"That is the yardstick by which we measure what we shall need and demand," he asserted, "money, materials, doubled and quadrupled production—ever increasing. The production must be not only for our own army and navy and air forces. It must reinforce the other armies and navies and air forces fighting the Nazis and the war lords of Japan throughout the Americas and the world."

To this end, the President announced adoption of two broad policies.

Broad Policies

"The first is to speed up all existing production by working on a seven day week basis in every war industry, including the production of essential raw materials," he said.

"The second policy, now being put into form, is to rush additions to the capacity of production by building more new plants, by adding to old plants, and by using the many smaller plants for war needs."

He said the \$150,000,000 "victory program" which Mr. Roosevelt pointed out must be financed through payment of more taxes, purchase of more bonds, the foregoing of extra profits, and harder and longer work.

Although the President did not reveal specific details of naval, land and air losses in the Pacific as many had hoped, he was frank enough in portraying the general picture.

"So far," he said, "the news has been all bad. We have suffered a serious set-back in Hawaii. The casualty lists of these first few days will undoubtedly be large."

"Many American soldiers and sailors have been killed by enemy action. American ships have been sunk. American airplanes have been destroyed."

Mr. Roosevelt gave his solemn promise to the nation it would get detailed news "just as quickly as possible," but said at present he lacked sufficient accurate information "to state the exact damage which has been done to our naval vessels at Pearl Harbor."

"Admittedly the damage is serious," he said. "But no one can say how serious until we know how much of this damage can be repaired and how quickly the necessary repairs can be made."

The Chief Executive urged the public to reject all rumors, warning that "these little hints of complete disaster fly thick and fast in wartime."

After a short illness, Clark Sylvester Flick, aged 70, of 132½ West Long avenue, passed away at the Torrance state hospital Tuesday morning at 7:20 o'clock.

Born in Jamestown, Pa., on April 17, 1871, son of Sylvester and Rebecca Parker Flick, he had resided in this city for 23 years and was employed as a hod-carrier. For 24 years he had been married to Charlotte Brightshue Flick, who survives him.

In addition to his wife, he leaves the following children, Mrs. Mollie Kline, Mrs. Margaret Bohic of New Castle, James, at home; Howard, Gerald, Gladys and Susie, all of Greenville; two brothers, Carl Flick and Jacob Flick of Warren, O.; two sisters, Hattie of Warren, O.; Anna Williams of Girard, Pa., and four grandchildren.

Funeral services are to be held Thursday morning at 11 o'clock from the Ritchie funeral home, South Mill street. Interment will be in Greenwood cemetery.

Mrs. Leontine Vette Williamson

Mrs. Leontine Vette Williamson, aged 56, wife of William Williamson, Mercer, R. D. 6, passed away at her home Tuesday at 4:45 p. m. Mrs. Williamson had suffered a stroke a week ago.

Born in Banhead, Glasgow, Scotland, on July 9, 1885, daughter of Leandre and Leontine Mery Vette, she had resided for 16 years in this country. Mrs. Williamson, a member of the Methodist church of Nazareth, was noted for her fine Christian character and was highly respected in her community. She had been married to Mr. Williamson for 24 years.

In addition to her husband, she leaves the following children, Leontine, William, John and Marie, all at home; her mother, Mrs. Leontine Vette, and a sister, Mrs. Celine Mooney, in Ireland.

Funeral services will be conducted Friday afternoon at 1 o'clock from the Nazareth church. Interment will be in Carpenter cemetery.

The body, removed to the Cunningham funeral home, Leesburg, is being taken to the residence this evening.

Mrs. Elmira Cowan

After a long illness, Mrs. Elmira Cowan, aged 79, passed away at her home in Prospect this morning at 9 o'clock. Mrs. Cowan was the widow of Charles Cowan, who preceded her in death 12 years ago.

She was a member of the Prospect Presbyterian church. Surviving are the following children, Mrs. John McQuiston of Butler, Mrs. Amos Pyle of New Castle, Mrs. Jane Cooper of Prospect, Floyd C. Cowan of Wilkinsburg, George A. Cowan of Mt. Pleasant; one stepdaughter, Mrs. Charles Wilson of Washington, Pa.; one sister, Mrs. David Lecky of Prospect; two brothers, George Dunn of New Castle, Keeper Dunn of Prospect; 26 grandchildren and 13 great-grandchildren.

The body has been removed to the Glenn funeral home, Prospect. Funeral arrangements have not been completed.

Frank A. Woods

Complications following an illness of five months' duration resulted in the death of Frank A. Woods, Mercer, R. D. 2, who passed away at the residence Tuesday evening at 9:50 o'clock.

Mr. Woods, a highly respected member of his community, was born in Stoneboro, Pa., on June 29, 1866, son of John and Nancy Gastlick Woods. He had lived near Mercer for 37 years where he was well known as a farmer and breeder of pure-bred Aberdeen-Angus cattle.

He was an organizer of the Wool Growers' Association of Mercer County and had been a member of White Chapel Methodist church and the Adult Bible class for many years. His wife, Emma A. Grace Woods, preceded him in death on December 22, 1934.

Survivors are the following children, Clarence A. of Grove City, William D., Raymond W., Mrs. Clair Heckathorn, Clair F. Woods, all of Mercer, R. D. Mrs. Budd Robinson of Fredonia, R. D. John L. Woods, at home, Mrs. Mac Supplee of Sharpsville, Paul R. Woods of Mercer, R. D.; one sister, Mrs. Hovey E. of Stoneboro, and 29 grandchildren.

Funeral services are to be conducted Friday afternoon at 2:30 o'clock from the Cunningham funeral home, Leesburg, with his pastor, Rev. R. K. Rumbaugh, in charge. Interment will be in Millbank cemetery, Fredonia.

The body will be taken to the residence this evening and at 11 o'clock Friday morning will be returned to the funeral home for services at 2:30 o'clock.

NEW BATTLE DEVELOPS ON PENINSULA

between Singapore and the Thailand frontier. They are being engaged."

Kuantan is about 200 miles north of Singapore.

The communique stated that during air attacks on Butterworth Air drome in Penang, five Japanese planes were shot down.

It added that reconnaissance planes located a "considerable number" of enemy ships off Singora, Kota Bharu and Pattani on the Malay coast.

A German DNB dispatch from Nanking, quoting a Japanese naval spokesman, reported the strategic American base of Midway Island in the Pacific is "under shell-fire" from a Japanese naval squadron and that the American Islands of Guam and Wake are in Japanese possession.

Heavy Casualties

British bombing assaults on the Japanese in northern Malaya reportedly were inflicting heavy casualties on the Japanese as they sought to land on the beaches.

Heavy fighting was declared to be still raging around the Kota Bharu Air drome, just below the Thai border. British Imperial forces, including Australian veterans of the Syrian and North African campaigns, were said to have reached the Kota Bharu sector.

Editor's note: Japanese Imperial headquarters in Tokyo claimed Japanese forces had captured an "important strategic point" in northern Malaya and said the area of Singapore itself had been placed under direct Japanese Army attack. A Japanese spokesman also said the first "successful" landing in the Philippines had been achieved.

SINGAPORE, Dec. 10—British units, meeting the Japanese invasion of the Malayan peninsula, have reorganized their lines south of Kota Bharu, along the eastern coast on the Gulf of Siam, an official communique revealed today.

Elsewhere the British lines remain unbroken, it was said. The British position around Kuantan where a new battle was reported to have broken out when Japanese troops attempted a landing, remains intact, the communique said.

JAPANESE LAND SOME TROOPS ON ISLAND OF LUZON

ings were made from six heavily loaded Japanese transports, which were believed to have come from Formosa under Japanese naval and aerial escort.

(Military observers believe that so numerous a train of transports indicates an invasion in force is being attempted by the Japanese.)

Transports Hit

American bombers attacked the transports and hit two, one so heavily that it capsized.

Army headquarters refused to comment on unconfirmed reports of Japanese landings at Luzon.

Army officers described the attack on northern Luzon as a "heavy attack."

U. S. Army and Philippine constabulary officials said they were probing reports of a conspiracy in and around Manila to help enemy forces.

COLLEGE CLUB YULE MEETING HELD TUESDAY

A Yuletide party was held in the Nurses Home of Jameson Memorial hospital Tuesday evening by members of the College club.

The guests were divided into sections by numbers given them as they arrived, which launched a feature of the evening. Each group was given a box of stage properties and they made from it a scene, a setting, etc. Prizes were awarded. A "Question Bee" ensued, which provided a medium of exchanging holiday gifts. In closing, a radio program was tuned in.

In charge of entertainment were Mrs. Marshall Matheny, Mrs. James Green and Miss Clarissa Duff.

Hostesses who served refreshments in keeping with the holiday season, were: Mrs. Reba Sines, Mrs. Geneva Walker, Mrs. Paris Shoaff, Miss Gertrude Chapin, Mrs. A. L. Hoffmaster, Mrs. Ralph Hamilton, Miss Helen Maxwell and Mrs. Thomas Sadler. Pouring at the prettily decorated table, were Miss Ruth G. Sample and Mrs. Earl Ruby.

Magazine subscriptions were taken, the proceeds to be used for the children's wards in both the New Castle and Jameson Memorial hospitals.

January 13 a play, "Petticoat Politics," will be presented at their meeting in the same place.

CONVICTED OUT OF HER OWN MOUTH

"IT IS NOW apparent to the whole world that Japan in its recent professions of a desire for peace has been infamously false and fraudulent."

In these stinging words Secretary Hull summed up the case against the most treacherous of aggressors as he made public two documents that are bound to be historic.

The first is our government's note of November 26, proposing a basis for peaceful settlement of the differences between the two countries. Notwithstanding the long series of insults and provocations to which we had been subjected by the war lords of the Pacific, this note eschews all bitterness or any hint of resentment or recrimination.

It even assumes on the part of Japan a real solicitude for the peace of the Pacific founded on principles of justice and fair dealing between nations. Japan is invited to join in a plan for far-reaching economic co-operation, free from onerous trade restrictions and contributing to the common prosperity. A mutual non-aggression pact is proposed for the United States, Japan and all the other nations possessing interests in the Pacific.

Japan was asked to withdraw her armed forces from China and Indo-China and unite with our government in giving up all extra-territorial rights in China. Under her present government, China would be permitted to work out her own salvation free from interference by any other nation.

The Japanese reply, a tissue of transparent lies and twistings of the truth, incurred Secretary Hull's just and scathing condemnation a scant half hour before he received word of the atrocious attack on our Hawaiian defenses. The full enormity of Japan's criminal course had not yet transpired.

It is not necessary now to analyze the manifold falsehoods of Japan's final farewell to peace, with its No. 1 lie about America conspiring for war. For subsequent developments have convicted Japan out of her own mouth and placed that member of the Axis gunmen's gang definitely outside the family of civilized nations.

HITLER'S ERRONEOUS FORECAST

Adolf Hitler makes mistakes, and history is providing it today, with the loss of thousands of lives. For instance, turn back to October 3, a little more than two months ago, when he spoke on behalf of the German Winter Relief Campaign:

"On June 22, the greatest battle of history began . . . everything since then has gone according to plan . . . I can say today that this opponent (Russia) has already been beaten . . ." At about this time high German military sources were also assuring that Russia as a serious military factor had "been eliminated."

Two full months of furious fighting have passed since then. The Germans are no closer to Moscow than they were then. In south Russia their advancing machine has gone into reverse. The Russians fight on, grimly, furiously.

Do you remember October 3? Do the German people remember?

HEALTH OF AMERICAN YOUTH

The percentage of army selectees rejected for physical reasons has been the cause of considerable alarm in some circles. Commentators have compared this percentage with that prevailing in World War I and have drawn the conclusion that the health of American youth has gone downhill during the intervening twenty-odd years.

Here is a case where statistical comparisons alone provide a false picture of actual conditions. For the draft of World War I and the Selective Service Act of 1941 were based on very different principles.

In 1917, when the draft law was passed, we were at war. The Allies, faced with defeat, were pleading for men. We were faced with the necessity of building a gigantic conscript army in a very brief period of time. Only men who were obviously unfit were rejected. Almost any man who could do work of any kind was accepted and given a uniform.

Compare that with the present day. We were not at war when the Selective Service Act was passed. The army had time to build its forces. Army policy, as reflected in the act, has been to create an army which, from the physical standpoint, will be finer than anything ever imagined. The physical and mental capacities of men trained for mechanized, highly-involved modern warfare must be far higher than were needed for the mass land warfare of World War I. In short, this time the army has taken only the cream of the crop, where before it took all the crop.

There is still another important factor involved. Diagnostic technique and facilities have been immensely improved since World War I—thanks to the medical profession. The doctor of today discovers physical defects that the doctor of 1917 could never find. That in itself accounts for a considerable percentage of the rejections.

The truth is that American youth was never healthier. And American doctors can be given credit for this condition. The fact that only the finest specimens are now taken for army service is a reason for confidence in the Army, not alarm.

The Parent Problem

By Garry C. Myers, Ph. D.

DUTIES OF PARENTS EQUAL

In a normal family there are two parents. This fact we too often overlook. But our children don't. Frequently they are reminded of it tragically.

Time was when it was assumed that the father was the family monarch. He always was to have the final word. Some do yet. Other fathers try, but if they have wives with intelligence and self-respect, they meet with strong resistances. At such times the children have to face the hazards of "no man's land."

No matter what one's theories may be, the newer freedom and responsibilities of women make equal authority and responsibility for the children by both parents most nearly ideal. They are a committee of two, with equal chairman.

Teamwork Best
But with such a relationship, inevitable problems do arise. When either one dominates clearly, and his or her dominance is graciously accepted, there will be a rule by fewer temporary conflicts. But also there will be less planning and thinking together by the parents, less give and take, less need of exercising sportsmanship. Consequently there will be less growth in character in both parents, less contribution to the welfare of the children, than when the parents work out together a practical program for the upbringing of their children.

For both parents to function at their best, there must be continuous effort by each to cultivate sportsmanship toward the other; to adjust the self and to exercise deference to the other; continuous interchange of point of view in a calm, deliberate fashion. This, of course, is not easy.

Anticipating Problems
To this end young parents, especially the young married pair who are expectant parents, have great possibilities for mutual growth in parenthood. When they know a child is coming the ideal pair spend many hours together talking over their points of view, making ready to adjust themselves to the child when he has been born, and to each other in relation to him.

They plan for his upbringing, thinking through together their objectives, and how they are going to arrive at these objectives; his habits, and how they best can be guided and developed.

Once the child arrives, many new problems will arise that were not foreseen. These they will meet in the same calm, sportsman-like manner in which they considered hypothetical problems previous to his birth.

Solving Parent Problems
Q. You often say that a child should practically never be punished on the "first offense." Why do you say so?

A. To make sure the child knows it is an offense and knows before he repeats it exactly what the penalty will be. Then it won't be an ex post facto penalty. Our federal constitution forbids the making of any laws which would make punishable an offense not punishable before the deed was committed.

What Noted People Say

(International News Service)
President Roosevelt pledges full and final victory over the Japanese Empire.

"With confidence in our armed forces, with the unbounding determination of our people, we will gain the inevitable triumph. So help us God."

Prime Minister Churchill echoes the President:
"We can only feel that Hitler's madness has infected the Japanese mind at the root and the evil of its branch must be extirpated."

Congressman Dingell, Michigan Democrat, wrathfully suggests courtmartial as a result of the Japanese attack on Pearl Harbor:
"No one can tell me that we weren't sound asleep. The Army and Navy were caught off guard."

Mavor La Guardia regards himself as a soldier, awaiting orders:
"We're all in the Army now. I'll do anything I'm told to do."

THE GOOD LIFE

'Tis strange that we who know so well
Where honor's acclamation lies
And pride and joy and splendor dwell
Should ever venture otherwise.

Though priests and teachers point the way
And all men know which roads are best,
Still from the tedious paths we stray,
Hoping to find some easier test.

Manhood no secret keeps from men,
Its traits to all are open, plain,
And still we seek, again, again,
Some cheaper way respect to gain.

We hear it at the good man's bier,
We hear it said in church and hall:
"Life is best lived with conscience clear,
And gentleness is best of all."

The good life all the world admires,
Holds honor greater than the prize,
Friendship above its own desires,
And soft men venture otherwise.

HINTS AND DINTS

Sun sets tonight 4:35. Sun rises tomorrow 7:12.

By the way do you know the name of the vice president of the United States, the attorney general, the secretary, treasurer, the secretary of state, etc. etc?

What good is being born with a silver spoon in one's mouth if there isn't nothin' in it?

Canada will send 1,300,000 Christmas trees to this country this year, a new record and the price will be higher.

After looking over the youth of today, Mother decided the modern conscience will let one get away with murder.

MODERN MOTHER GOOSE
Mary had a little hen
Which caused her many a tear—
It laid like mad when eggs were cheap
But quit when they were dear!

It's a good idea to insure the Christmas parcels you send and also have them addressed correctly.

A lot of people think they should not be without a gun in the kind of a world we are getting to be. Anyhow the sales of guns is increasing.

Mrs. Nabor: "These modern daughters need discipline at times." Mrs. Nextdoor: "They certainly do. Only last night I had to send my Jane to bed without any breakfast!"

There are some mighty mean people in the world. Yesterday we told a bird we did not know how long we would be able to keep this column up. He said he hoped not too long. And this after not missing an issue in 44 years.

The good loser never depends upon crutches when hope gets a bit wobbly in the legs.

A brace of British soldiers dragged a ragged, and very dirty specimen of humanity into camp, on the assumption that he was a spy, and the colonel looking him over, ordered them to take the poor devil out, and give him a bath, before facing the inspection.

More than an hour elapsed, and the Colonel becoming impatient, sent for the two soldiers, demanding why his orders were not being carried out, to which one of them replied:

"We can't help it, sir, the pair of us have been scrubbin' him an hour, and strike me up a plum tree, if we didn't come on another suit of clothes."

The most comforting thing to store up for your old age is a collection of fine grandchildren.

We know a man who is think'g of having the telephone taken out of his home and also taking the automobile away from his wife. He thinks he will get to see her more if he does that.

Beats all how the old-fashioned persons perk up when he gets into a strange town.

Freshman: "My new girl is a sorority girl."
Sophomore: "Phelia Thi?"
Freshman: "Certainly not!"

When it comes to planning, a lot of people don't need any help to do their Christmas planning.

MAKING IT EASY

"Gwan," interrupted the first boy. "What are ya giving me? Dis is me sister I'm takin' about."
"Aw, shove her off de dock!"

The greatest spectacle of personal suffering comes when a broad view tries to crowd into a narrow mind.

ROBIN REFLECTIONS

Second (to boxer): "Well, old man, I'm afraid you're licked now." Boxer (gazing dizzily across to opponent's corner): "Yeah, I should have got him in the first round, when he was alone!"

When a man says his job gives him a heluva lot of fun he is making good.

There is always a reason for everything. The reason for people buying so much this Christmas is because they have the money.

A lot of congressmen will have to be re-elected next year. That is the reason so many congressmen now in office are afraid to open their mouths. Congress men are being watched more now than ever before.

INTERVIEWING PROSPECTIVE EMPLOYER

"Recently I had an interview with a business man about a secretarial job, which, incidentally, I did not get. Do you think my questions as to holidays and Saturday hours might have prejudiced him against me?"—Rita.

Answer: Doubtless it did! While interviewing a prospective employer, you will double your chances of employment by using your wit power to follow these simple rules:

Disregard any prejudices aroused in your mind by any sternness he may show at this particular time as he may prove to be very amiable after you have passed his tests. Concentrate on how you can re-adapt yourself to fit into his scheme of things and assure him of your ability to do so. Until he says he will employ you, avoid discussion of vacations, sick leave or whole Saturdays off. Paint no black pictures of your former employer. Do not admit that you want work in order to save money because your husband or father has lost his job.

If you want the job, your talking theme must be in effect that you know that you can help him, that you are equipped to put over the work that your duties will interest you, that you will enjoy your self to fit them better. If you want to be turned down, harp on the reasons why you need the job to meet your personal needs.

Question: I am a bride of a month. Many showers were given for me prior to my wedding. What are my duties to these friends—S.E.P.

Answer: As soon as you are settled in your new home, give a party, inviting all who attended your showers and your wedding.

Question: When a bride receives a joint wedding gift from her co-workers (25 altogether) must she send separate thank-you notes or will one to the entire office force suffice?—J. M.

Answer: She may properly send one note addressed "To the employee of" and mentioning the name of the company or the particular department, as the case may be.

Question: I am 18 and about to go to my first formal dinner. Please tell me when I should remove my gloves. How shall I know who will escort me to the table?—Edith.

Answer: Wear your gloves and take them off at the table. The hostess will present you to the man who will escort you to dinner. When he arrives he will be handed an envelope containing a card on which your name will be written. This means that he is your dinner partner.

Natural Law Of Economics Aids Taxpayers
Law Of Diminishing Returns Applicable
National Debt Soars To New High Point

By CHARLES P. STEWART

Central Press Columnist

WASHINGTON, Dec. 10.—That there is such a thing as a law of diminishing returns is a good thing for the American taxpayer. It's a natural economic law, of course, not a congressional enactment. The way it works is that the government scoops in more and more money as taxes are increased up to a certain point, but after that point is passed it begins scooping in less and less, because the taxpayers largely suspend money-making activity, if they can't keep any of the dough they take in, and taxes can't be collected on what's ceased to exist.

Chairman Walter F. George of the senate's finance committee, an exceptionally good prognosticator of taxation complaints, says we're close to the limit now—the more Uncle Sam calls for the less he'll get.

He can't economize, though. He might do a little pinching on his non-emergency spending, though he doesn't seem much inclined to do even that. Defense and loan-lending costs however are running him almost uncontrollably into the red, regardless of everything else.

Naturally this means not merely a rising, but a skyrocketing national debt. Senator George thinks it may hit \$150,000,000,000—about as far as the remotest planet is from our solar system.

A whole world debt of that size would have alarmed economists a few years ago, but this one's going to be the U. S. A.'s alone.

It's true collectively speaking, we'll owe it practically exclusively to ourselves, but that won't be any particular consolation to the average individual. Some of it's owing to me already. I've got a few little bits of government bonds. But what'll happen to 'em? Why they'll be copped off me to pay my income tax next march. That's what I bought 'em for. I was afraid I wouldn't have the strength of mind to save up in advance and would get clobbered in jail as an evader like Al Capone.

No Shrinkage Likely
When a government's expenses increase, they almost never shrink subsequently. The government probably honestly intends to reduce 'em when the emergency's over, but it would be virtually unprecedented for a government to do it, when the time comes.

Alright, say we end the present emergency with expenses around the figure that Senator George considers nearly possibility's tops, plus a \$150,000,000,000 debt to pay interest on.

How are we going to pay interest? (Continued On Page Five)

One Man's Opinion

By WALTER KIERNAN

(International News Service Staff Writer)
A torch song called the Star Spangled Banner is sweeping the nation today. There is no "Moon" or "June" in it but it has plenty of oomph.

It is a special little number which we save for times of stress. Then we beat out the rhythm with drop forces and punctuate the melody with gun fire.

When we get to singing the Star Spangled Banner in chorus, it will be heard as far away as Tokyo, Berlin and Rome.

Owing to the fact that we were taken by surprise we are just clearing our throats but you will hear it roll out—and mighty sweet too—almost immediately.

We have been invited to a rendezvous with destiny and we go with a red rose in our buttonhole and our torch song in our heart.

We have never yet gone with a faint heart to meet a blind date.

Thought for the day: This is it and you know what to do.

BIRTHDAYS OF FAMOUS AMERICANS

(Compiled by Encyclopaedia Britannica)

DECEMBER 10

1805—William Lloyd Garrison, anti-slavery leader, at Newburyport, Mass. In 1831, without capital and without a subscriber, he and a partner, Isaac Knapp, issued the first number of the Liberator at Boston.

Although in constant financial difficulties, the paper lived 35 years and exerted a mighty influence in behalf of the abolition movement.

1830—Emily Dickinson, poet, at Amherst, Mass. During her life-time she permitted only three or four of her poems to be published. A small collection was published in 1892 with a success almost unparalleled in American literature, but her complete poems were not brought out until 1924. Her poetry has been described as suggestive of William Blake in its "flashes of wholly original and profound insight into nature and life."

1837—Edward Eggleston, novelist, at Vevay, Ind. He was a Methodist minister until he had passed the age of 40, when he turned to literary work. His most famous book is "The Hoosier Schoolmaster," a vivid story of the backwoods Hoosiers, which has been translated into four languages.

The World and the Mud Puddles

CUT THE BUDGET

The New York Times has been for many years the leading Democratic newspaper of the country. The Times has been more or less of a Bible to the Democratic Party, notwithstanding the Times opposed a third term for President Roosevelt. It seems to me, however, that the Times appears foolish when it said recently that here is only a limited area in which budget cuts can be made. It defends that statement by saying that no drastic cut can be made in work relief and none in farm relief.

I am not a farmer or the son of a farmer, but I am the grandson of a farmer and I know that no good farmer needs relief. There has been a great deal of pity wasted upon the mid-western tenant farmer, and that very communistic story known as "Grapes of Wrath" depicts how farmers who are not good farmers have been forced to leave their sand-swept farms upon which they tried to work, to seek relief in California.

Travelers about the United States have noticed and talked about the stone fences of Connecticut. Those fences were made from stones plowed out of the Connecticut soil every springtime. The Connecticut soil is full of stones and it is very rough going for a plow unless the plowman is a very powerful man and has a very powerful team with which to pull the plow.

My grandmother was a New England farmer's wife. My grandfather died forty-three years before the death of my grandmother. He left a farm of about seventy acres, consisting of a garden lot, small orchard, hay lot, pasture, wood lot and an area of about twenty-five acres upon which some oats, wheat and such like were raised. My grandfather also left three cows, two horses, some pigs and some chickens, together with Fourteen Hundred Dollars in the Savings Bank. There was no mortgage.

With the assistance of a powerful neighbor, who had been brought back from the Civil War by my grandfather's uncle, my grandmother continued to operate the farm, the great negro assisting her and sharing in the profits of the crops. She enjoyed all the comforts of life. Her woodshed was always filled with wood; her cellar with fruit and vegetables and after every harvest the barn and corn crib were well stocked with oats and hay. The negro reaped the wheat with a cradle and threshed it with a flail on the barn floor, some of which was traded for flour at the grist mill a mile away. When my grandmother died, she left no debts, but she left Eighteen Hundred Dollars in the bank. When later the negro died in the Old Soldier's Home on the Connecticut River, he left Two Thousand Dollars in the Bank.

If a Connecticut farm woman could accomplish that in forty odd years, why should anyone who calls himself a farmer ask for relief from the government of these United States?

The Times also believes there is still a necessity for work relief, and that seems particularly foolish at this time, when industry is striving to find men with whom they can operate their factories. The only work relief that can be talked about today is in connection with the men who are being thrown out of their past employment by the Priorities Board and that could be corrected very easily by the government removing itself from its feet and cease trying to frighten the American people with the Hitler Boogie.

When we get to singing the Star Spangled Banner in chorus, it will be heard as far away as Tokyo, Berlin and Rome.</

State Will Set Production Pace

Pennsylvania Plunges Into
Wartime Production To
Help Win War

By EVERETT GERRY
International News Service Staff
Correspondent

HARRISBURG, Dec. 10.—Pennsylvania plunged into wartime production today to keep Gov. Arthur H. James' pledge to make it the "Arsenal of America."

Grim-voiced, Governor James last night in a statewide radio talk exhorted his fellow citizens to help the state set the pace in the production of war materials and equipment.

"This is going to be a war of arsenals and factories," he emphasized. "Victory will follow the flag of the nation whose people can and will produce the most war material in the shortest time."

Defense machinery was working more smoothly under plans perfected months ago and the state defense corps, many of whose members already are on duty, was mobilized completely for any emergency.

On orders of Governor James, all privately owned airplanes were grounded and extra precautions were taken to guard all defense manufacturing plants, airports, waterworks, bridges, public utilities and to protect Japanese nationals.

Members of the governor's cabinet pledged full cooperation in all defense steps. All local defense councils were directed to intensify defense activities, including the training of air wardens and fire, police and medical units.

and principal, too? Maybe we can take care of the interest, but principal? By hiking taxation sufficiently to liquidate it? Ah, but if we do that we will run into that infernal "law of diminishing returns." Instead of having enough more in the treasury to do the business, it'll have less, under the provisions of that blamed law.

Senator George believes we can get away with it in instalments, a generation at a time—our generation, our children's generation and our grandchildren's. It'll take approximately 100 years, according to this reckoning. A pleasant century-long prospect, what?

And is it a cinch that the thing can be done, even in three instalments, without hitting that darened law of diminishing returns?

Our grandchildren's generation will learn. What'll we care then? We'll have our worries over our own instalments, though. Even ours may "diminish returns." If so, the diminution perhaps will serve as a taxation ceiling. The trouble with that is that it'll delay payment of our debt's principal, which'll hurt our government's credit—in other words, more or less devaluing of our money, another name for inflation we're so much afraid of.

Price Fixer Leon Henderson's preventive of inflation is higher taxation, to keep the public from having so much cash to spend. Higher taxation, hey! How about the law of diminishing returns?

Death Risks Greater

A spell of hard times mightn't be an unmixed evil, at that.

The Institute of Life Insurance has just announced that people die faster during boom periods than during periods of depression. The institute's medical experts surmise that, when folk are overly prosperous they over-eat, over-exert and otherwise overdo 'emselves. Overdrinking isn't mentioned, but perhaps that's an item also.

Well, we have an emergency boom on. The increased death rate hasn't been long enough to manifest itself yet, but the institute warns insurance agents to be especially careful with their risks until deflation sets in.

Rush To Purchase Defense Bonds

Sales of United States defense bonds rocketed upward at the post office and banks and savings and loan associations today as New Castle citizens responded to Uncle Sam's call for hard cash to finance the war program.

Assistant Postmaster James G. Leslie said the post office "has noticed a big increase in its sales." No figures were available today.

The war's general effect on the post office itself was slight so far as the mail department operations are concerned. Only the defense bond sales reflected a change.

"The early Christmas mailing is starting," Leslie stated, "but it's about the same as last year, so far. Soon the rush will start, and we look for a big one."

Hiring of extras for the holiday work is not expected to begin until December 14, 15 or 16, the usual time the auxiliary force is added.

Navy Planes Cause Alarm In New York

(International News Service) NEW YORK, Dec. 10.—New York had its third air raid alarm this morning but subsequent discovery that the "unidentified planes" approaching Long Island were U. S. Navy aircraft brought promise of a tightening up of the alarm system.

The alarm, sounded at 8:35 A.M., lasted for 25 minutes.

Capt. Lynn Farnol at Mitchell Field, air defense headquarters, afterward reported:

"The planes were detected and

the information passed along in the usual way. It should not have reached the people in the form of an alarm until there was definite information as to whether 'they' were enemy planes or our own.

"The information we gave was for air raid warnings."

"The experience of yesterday and this morning will lead to a general tightening up to prevent repetition. However, it does indicate that our detection system is working well."

Seven Men Enlist For Coast Guard

Coast Guard Recruiting Office Will Be Open Here Through Saturday

Henry C. Hedges, officer-in-charge of the temporary recruiting office of the United States Coast Guard, today announced that seven men from this area have been accepted for service. Hedges also announced that the office will be open for applicants through Saturday.

Those who were accepted follow: Harry McOwen, 512 West Madison avenue, New Castle; Glenn Searfoss, Leslie hotel, New Castle; Gilbert McQuiston, Ellwood City; James J. Barone, Ellwood City; William D. Seetch, Ellwood City; Oscar Brown, Sharon, and Donald Carroll, Farrell.

These young men will be sent to the Algers Training Station at New Orleans, La., for preliminary training.

K. OF C. TO MEET

There will be a meeting of the Knights of Columbus, this evening at 8 o'clock, and the district deputy, of this district, Al J. Petrini, of Sharon, will attend, at the K. of C. Home, North Jefferson street.

Final plans will be made tonight for the Christmas treat to be given to the children by members of the council.

FORMER RESIDENT DIES IN ILLINOIS

A former resident of this city, Harry Martin Young, aged 65, of Alton, Ill., died at his home there on Monday, December 1, his death occurring just a month to the day after his retirement from the water company in Alton had become effective.

Mr. Young went to Alton from New Castle in 1908. He was born here on October 2, 1876, son of the late S. M. and Martha Scott Young, pioneers of this city.

He leaves his wife, Mrs. Maude Miller Young, three children, three brothers, a brother-in-law and two grandchildren.

Funeral services were held December 3 with interment being made in Valhalla Memorial Park, Alton.

C. A. A. Tells How Pilots May Obtain License Renewals

Information For Local Pilots
Received In Telegram At
Local Airport

Pindley C. Wilson, of the New Castle Airport, today received a telegram from the district office of the Civil Aeronautics Authority in Pittsburgh, outlining the necessary steps to have a pilot's license re-instated.

All pilots and student pilots have been grounded and will not be permitted to fly until they have complied with the requirements listed in the telegram received here.

Text of the message follows:
"Re-instatement of pilot's certificate can only be accomplished by direct personal contact with C. A. A. inspectors. Applicants must present:

"First, bona fide evidence of citizenship, such as: birth certificate or F. C. C. license or notarized statement from attending physician.

"Second, Three identical passport photographs, 2 1/2 inches square.
"Third, Reference letters from two public officials or three respectable prominent citizens attesting to the applicant's loyalty to the United States. Applicants must also present log book and certificates. Signed, E. A. Goff, Jr., senior supervising inspector."

Persons desiring to read this telegram may do so at the New Castle Airport. It was learned.

Express Employees Given Wage Boost

(International News Service)
CHICAGO, Dec. 10.—Wayne L. Morse, chairman of President Roosevelt's fact-finding board in the railroad labor dispute, today said he had been authorized by the White House to order the railway express agency to accept terms of the wage settlement.

The fact-finding board recommended a 10-cent hourly increase for 42,000 employees of the express agency, which is operated jointly by the major railroads. The agency had offered an 8 1/2-cent hourly wage increase. Morse announced: "I have been authorized by the White House to say that the railway express agency must accept the board's recommendations."

Mickey Rooney Is Planning To Wed

(International News Service)
HOLLYWOOD, Dec. 10.—Mickey Rooney's going to get married. The youthful holder of screen box office records admitted today that he and Ava Gardner, 16-year-old film player, were indeed very much in love with each other and hoped the wedding would take place soon. "We've got to confer with Ava's mother and mine about the wedding plans," Mickey said, "but we hope it will be very soon, especially since these are times when no one knows just what is going to happen."

He indicated the wedding would take place within the next few weeks.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of
Bed in the Morning Rarin' to Go

The liver should pour 2 pints of bile juice into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then gas builds up your stomach. You get constipated. You feel sour, sunk and the world looks punk.
It takes those good, old Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Take as directed. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 10c and 25c.

Observe Common Sense Warning To Americans

(Editor's Note: Dr. George W. Calver, official physician at the U. S. Capitol, in the following article warns Americans against the dangers of becoming hysterical during the present world conflict.)

By DR. GEORGE W. CALVER
Official Physician U. S. Capitol
WASHINGTON, Dec. 10.—We must observe common sense and keep our feet on the ground to avoid nervous upsets and nervous indigestion which lead to hysteria. The rumors which have been spread about the war should be avoided. Don't spread wild scandal stories! A lot of nervous indigestion and a good many headaches will be avoided if excitement caused by wild rumors and unconfirmed stories is curbed. Common sense never hurt anybody. If we think a little bit before we go off on a wild tangent, or swallow some story as a gullible person is inclined to do, we will be better off.

We can only believe bare facts when they come from competent authority. The hygiene of a quiet mind can maintain a better physical and mental balance for us than anything else in the world. Further, people under nervous tension are inclined to drive their cars too fast and to take chances that they would not if in a normal, well-balanced state of mind. Think that it is best to make haste slowly.

Tokyo Report

Tokyo (via official Japanese wireless) Dec. 10.—Japanese imperial headquarters today announced destruction of the giant new British battleship Prince of Wales and the battle cruiser Repulse and declared the British Far Eastern fleet has been "obliterated."

At the same time it was claimed an American submarine was sunk Monday morning off the island of Palawan in the Philippines.

Both huge British ships were sent to the bottom by aerial bombs off the eastern coast of Malaya, the Japanese announcement said.

Disclosure of the sinkings caused wild jubilation in Tokyo.

The war ministry announced the German and Italian military attaches in Tokyo had called at the war ministry to offer their congratulations.

Meanwhile, the navy section of the imperial headquarters announced the navy has lost 38 planes since the outbreak of the war with Britain and the United States.

Claim King George Sunk

Berlin, Dec. 10.—The Japanese naval office announced that the gigantic British battleship King George was sunk, the German wireless reported from Tokyo today.

(EDITOR'S NOTE: London previously had confirmed the sinking of the British battleship Prince of Wales and the battle cruiser Repulse.)

The King George V was launched on Feb. 21, 1939 and is one of the mightiest vessels in the British fleet.

Displaying 35,000 tons and with a complement of 1,500 men, she is a sister ship of the Prince of Wales.

The King George V made an appearance in American waters when she carried Viscount Halifax, British ambassador to Washington, to the United States.

Britons Stunned
London, Dec. 10.—Britons were stunned today to hear that the giant new battleship Prince of Wales and the famed cruiser Repulse, both thought invulnerable to air attack, were sent to the bottom of the Pacific by Japanese planes off Malaya. They conceded the loss was "very serious."

They speculated on whether the Japanese have developed a new aerial bomb or torpedo of unparalleled destructive power. For both ships were heavily armored against aerial or torpedo attack and had ridden the Pacific practically unscathed through many a previous onslaught of bombers.

The Prince of Wales, pride of the fleet, was especially protected. According to Jane's fighting ships, the battleship was of the powerful King George V class, launched on May 3, 1939, and its armor weighed over 14,000 tons with a thickness of 16 inches at waterline.

The official ship book said it had "enhanced defense against air attack, including improved distribution of deck and side armor, more elaborate subdivision, and an improved system of underwater protection."

The Repulse was launched on Jan. 8, 1916, but was rearmed later, almost as heavily as the Prince of Wales.

Company B Man Is In Hospital

Paul Swanson, Bessemer, a member of Company B Third Regiment, Pennsylvania Reserve, Re serve Corps, was admitted to New Castle hospital early this morning suffering with what is believed to be an appendicitis attack.

Swanson took ill while on duty during the night and was brought to the hospital by Battalion Sergeant-Major Frank W. Hill.

SANTA CLAUS CAN HELP AMERICAN DEFENSE! This poster, drawn by J. W. and W. J. Wilkinson, a father and son artist team of Baltimore, reminds Americans that they can help the Defense Program this Christmas by giving Defense Bonds and Stamps in addition to the usual present. Nation-wide distribution of this poster has been made, especially in the windows of 500,000 retail stores where Defense Stamps—for as low as 10 cents—are now on sale.

CITY TAX LEVY TO BE 11 MILLS FINK REPORTS

(Continued From Page One)

for the raise were not included in estimated expenditures when the 1941 budget was made. However, the city in July had to appropriate for this \$10,300.

Included in the 1942 figures are the estimated increase of an additional raise, council having decided to pay police and firemen \$155 monthly instead of \$150 as at present, give clerks (excepting a few instances) a \$5 monthly raise and also increase the wages of all employees paid by the hour, five cents an hour. The total increase granted since last July and for 1942 is about \$38,000.

It was also pointed out that the tax assessment bureau would require an amount almost double that of 1941 because of additional help and material for the triennial assessment. This assessment must be made every three years.

In the 1941 budget no estimate was placed for clerical help in the collector's office. However, it had to be met so the city appropriated \$4,277 instead of \$3,450 as for this year. In addition, other needed sums brought the total from \$9,881 estimated in 1941, up to \$11,894 for 1942. Note: So far this year the legal department has collected \$87,000 in delinquent taxes and collections on liens and during the past 10 years has had to employ additional help and purchase material to carry on the work.

Another entirely new appropriation of \$5,475, for 1942, had to be made for guarding public buildings. The city acquired the tin mill site and has to guard the structures. The city has arranged to pay three watchmen \$5,475. However, the city actually will pay only one-third of this. The county commissioners and contractor now salvaging scrap iron will each refund to the city one-third of the \$5,475, Fink explained.

The capital outlay in the police department will be \$1,200 for a new police car and \$1,000 for two two-way radio sets for police cars.

The capital outlay in the fire department will be \$2,500 for a new fire truck.

The city also must spend \$20,750 for repairs and a new auto at the sewage disposal plant.

The city further proposed to spend

\$2,350 for a third "refuse-getter," or new-style garbage truck, like the two already bought.

The city also has taken over men for the engineering department who formerly were paid by the WPA and the amount required will be \$12,600 compared to \$5,547 in 1941. During the last several years 75 streets have been built in addition to other engineering services required because of federal-city and WPA projects.

The streets department has asked for a new truck at a cost of \$1,400. Last year the city appropriated \$750 for playgrounds. For 1942, \$2,500 has been appropriated. The WPA in the past year or more has had supervision of the playgrounds because it paid the supervisors. It is anticipated now that the city is paying the wages and for the material, the city will exercise jurisdiction through the recreation board. Almost all of the money will be for salaries.

The city also appropriated for the swimming pool at Cascade park next year \$2,185.

There also has been appropriated \$8800 for federal projects, \$5,000 for contingent, \$8,000 for painting and repairing the viaduct, \$2,500 to roof the mill and has appropriated \$12,000 instead of \$5,000 for "temporary loans of prior years to be paid."

Ordinances setting forth the appropriations needed and calling for the levy of 11 mills were submitted recently in council. The budget will be on display for public consumption in the city clerk's office.

INDUCEMENT FOR FIREMEN

(International News Service)
HOLBROOK, Mass.—Latest from the inventory of town archives of Holbrook which was recently published in the WPA Historical Records Survey: "Town meeting members in Holbrook 37 years ago apparently didn't want to run from their homes when a blaze was discovered. They voted to provide seed for the Brookville engine house so that volunteer fire-fighters would have a greater inducement to hang around the fire house."

LABOR IN VAIN

LONDON—Trial of an RAF man today has revealed that the police spent a total of 1,738 hours looking for him. Mobile police traveled a total of 301 miles. Home Guards and other Services took part in the search and dozens of witnesses were interviewed and questioned. After such extensive investigation, the net result of the case was that the man was released. He had been a suspected spy, which ought to prove something or other.

AUTO FIRE

City firemen were called to the corner of Mill and Home streets, at 11:35 o'clock this morning, when the auto of Dr. Paul H. Wilson, of North Jefferson street took fire, from crossed wires. The damage was slight.

STEAL CAR HEATER

Police received a report today that after the Latimer service station, East Washington and Court streets, closed last night, someone entered the station and stole an auto heater.

Demands People Be Given Facts Congressman Says People Should Be Informed On Pacific Situation

(BULLETIN)
(International News Service)
WASHINGTON, Dec. 10.—Renewed demands that the American people be fully informed regarding the Pacific situation were made by a member of the House naval committee today as the committee convened to investigate the physical fitness of "elderly" admirals.

Rear Admiral Ross T. McIntire, naval surgeon general, was called in a secret hearing to discuss qualifications of the older officers in active war.

It was Rep. Mott (R) Ore., who demanded that the people be given additional information about the Pacific situation.

"The people ought to be told all about it," Mott declared. "There is no doubt that Japan knows everything about it already and that

is the only reason for withholding details from the people. No matter how bad it is, the people will fight on."

Meat Products Called Vital In Human Nutrition

(International News Service)
ST. LOUIS—Results of a study tending to show that meat is one of the most important foods in human nutrition and a rich source of many necessary vitamins were described here recently by Dr. G. A. Elvehjem, professor of biochemistry at the University of Wisconsin.

Hitherto, most textbooks on nutrition have dismissed meat as an important source of most of the vitamins. Many illnesses have in the past been blamed on meat in the diet and frequently patients were made to give up meat.

However, as the result of studies being made at the laboratories at the University of Wisconsin, Dr. Elvehjem, speaking before the American Dietetic Association convention here, concluded:

Important Nutrition Role

"It is evident that meat and meat products must play a very important role in human nutrition. This does not mean that we should promote the use of meat products to the exclusion of other foods."

Dr. Elvehjem, an authority in vitamin research, declared that studies of the distribution of the better known vitamins in meat products have shown that: (1) liver contains important amounts of Vitamin A; (2) liver contains only a small amount of Vitamin D, but 100 grams of fresh liver may contain as much Vitamin D as a quart of regular milk; (3) beef and liver contain Vitamin E; (4) liver is one of the richest natural sources of Vitamin K; (5) many types of meat contain as much Vitamin C as orange juice, particularly liver and kidney; (6) Meat is an excellent source of the B vitamins, thiamin, riboflavin and B6, the new anti-gray hair vitamin.

"Filipinos Uneasy"

Francis Sayre

There is a "growing feeling of uneasiness" in the Philippines as the Filipinos contemplate the approach of independence, according to Francis Sayre, above, United States high commissioner to the Pacific island possessions. The Philippines are scheduled for complete independence in 1946. Sayre says business and other groups now fear the Philippines, once free of the United States, may fall victim to some totalitarian power.

Girls Seek Glamour When Hunting Jobs

Money And Security No Object Omaha Women Discover

(International News Service)
OMAHA, Neb.—It's glamour, not money, security, a home or a chance for social activities that girls want when they go job hunting.

That was the conclusion reached by several Omaha housewives who recently advertised in an Omaha newspaper that they wanted girls for general housework.

One of the women received five calls with no acceptable applicants. Another had five calls and thought two of them worth considering. A third asked the telephone company to test her telephone to see if it was out of order, after waiting all day without a call. It wasn't.

On the same day, a downtown theater advertised for ushersettes. By 1 p. m. on the day set for interviewing applicants a line had formed from the entrance down to the corner and part way up the other side of the block. Between 350 and 400 girls applied, from which 30 were selected for training. Eight are to be employed.

Comparative Scale Of Pay
The ushersettes receive \$10 for a 40-hour week. Out of this they must pay for hosiery, lunches and carfare besides whatever expenses they might have for room and board.

The scale for domestics is around \$8 a week, plus room, board, laundry and uniform.

Churchill Says War Situation Has Been Changed

(International News Service)
LONDON, Dec. 10.—The war situation has changed "both favorably and adversely" in the last few days, Prime Minister Winston Churchill told the House of Commons today in announcing loss of the British battleship Prince of Wales and the battle cruiser Repulse.

The prime minister said he would make a short statement at the next sitting of the house on the general war situation which he said "has from many points of view both favorably and adversely undergone important changes in the last few days."

MOST MOTOR ACCIDENTS ARE PINNED ON FATE

(International News Service)
SACRAMENTO, Cal.—It's the little things that cause "big" accidents.

After surveying thousands of auto accidents, the State Department of Motor Vehicles has come to the conclusion most accidents are the result of fate. And you can't do much about fate, except to be on the lookout for those little things.

For instance, did your alarm clock go off late this morning? If so chances are you rushed through breakfast and drove at breakneck speed down town. You were an accident on its way to happen some place. Little things like alarm clock that didn't go off have been found to have caused numerous accidents some with sudden death.

Back of every accident report is the story of some small, seemingly inconsequential event in the life of a person or persons involved. At the time of the accident most of these details preceding the mishap are forgotten in the furor of trying to blame the other driver for the accident.

Vandals Cut Down Japanese Cherry Trees

(International News Service)
WASHINGTON, Dec. 10.—Park police in the national capital reported today that four cherry blossom trees, gifts from the emperor of Japan and once symbols of friendship between the United States and Japan, had been cut down during the night by "vandals."

The trees, planted along the Potomac River, were among hundreds given to the United States by Japan during the Taft administration as a token of friendship. When they break into bloom every year, tens of thousands of tourists are drawn to the capital to see them.

Park Superintendent Irving S. Root declared that destruction of the trees was an "act of vandalism," adding "the only thing accomplished was the destruction of beauty in Washington."

the regional office of the U. S. food and drug administration. Wendell Vincent, head of the office, had seized 125 barrels of frozen strawberries and 400 gallons of cream condemned as unfit for human consumption.

How to dispose of the overripe delicacies remained a problem for a time until city food inspectors suggested the strawberries and cream be shipped to a hog ranch just outside the city which contracts for disposal of Denver's garbage. The ranch, third largest of its kind in the United States, raises hogs for serum which is used to protect other swine against such diseases as cholera, blackleg, and pneumonia. For that reason, serum hogs are fed the ripest fare obtainable.

Residence of E. H. King, 217 Sumner avenue, was robbed of a diamond ring and some old jewelry.

"HOW CAN I GET A LOAN?"

What to do to borrow \$20 to \$300 quickly and simply—How you may repay in convenient monthly installments

WOULD A \$100 or \$200 loan come in handy this month? Have you old bills you would like to clean up with a loan?

If you have a job, you may borrow up to \$300 at Household Finance in a simple, private transaction. Then you may repay your loan in monthly installments arranged to fit your own income and paydays.

3 ways to borrow

Suppose that you need \$100. The table shows that 12 monthly installments of \$9.75 each will repay a \$100 loan in full. Or, if you wish smaller payments, as little as \$6.97 a month will repay a \$100 loan in 18 months.

All you do to apply for a Household Finance loan is to tell us how much you need and how you wish to repay. Household Finance loans are made in three ways. First way: On your personal note. No security required. This type of loan is made, when circumstances warrant, to both single persons and married couples. Second way: On your car. This plan may best fit your needs. Third way: On your

furniture. This plan is used by thousands. Here character and income are far more important than the value of your security. Your loan will be made the way which best fits your own situation.

Other important points: It is not necessary to ask friends or fellow-workers to act as endorsers. And at no time do we question friends or relatives about your money affairs. You get your loan quickly and simply.

Get your loan for less

Payments in the table include charges at Household's rate of 2 1/2% per month on that part of a balance not exceeding \$100 and 2% per month on that part of a balance in excess of \$100. The Small Loan Law permits us to charge substantially more than this. Some finance companies do charge more. We publish our rates and payments to help you shop for your loan.

If you need money for an emergency, bring your problem to Household. Or just phone and say that you need a loan. We are here to serve you. Phone or visit us without obligation.

Lions Entertain Blind December 17

Holiday Dinner Will Be At Trinity Church; Scouts At Luncheon

New Castle Lions Club will hold its annual Christmas dinner party for blind residents of Lawrence county in Trinity Episcopal church, North Mill and East Falls streets, Wednesday evening, December 17.

Announcement of the party plans came at yesterday's weekly luncheon of the club in The Castleton. The A Capella choir of Senior high school will provide entertainment that night.

One of the most commendable first aid demonstrations seen here in a long time was presented before yesterday's meeting by Boy Scouts of Lions Troop 26 of Sheep Hill. Scout Executive John J. Finnessy was present to witness the luncheon and speak briefly.

What to do in accident emergencies was demonstrated by six Troop 26 boys headed by Eagle Scout Teddy Staph. Taking part were Eagle Scout Pete Moran; Life Scout Don Yoho, Ed Johnson, first class; Ed Wolanski, first class; and Leon Johnson, first class.

A guest at yesterday's luncheon was Rev. Sidney K. Bliss of Central Christian church.

To Collect Books For Men In Camps

Red Cross Is Cooperating In Campaign To Provide Reading Matter For Soldiers

Millions of books will be provided for men in the armed forces of the United States and the merchant marine through a national defense book campaign sponsored by the American Library Association, the American Red Cross and the United Service Organizations. R. P. Davis, chairman of the Lawrence county chapter, American Red Cross, announced.

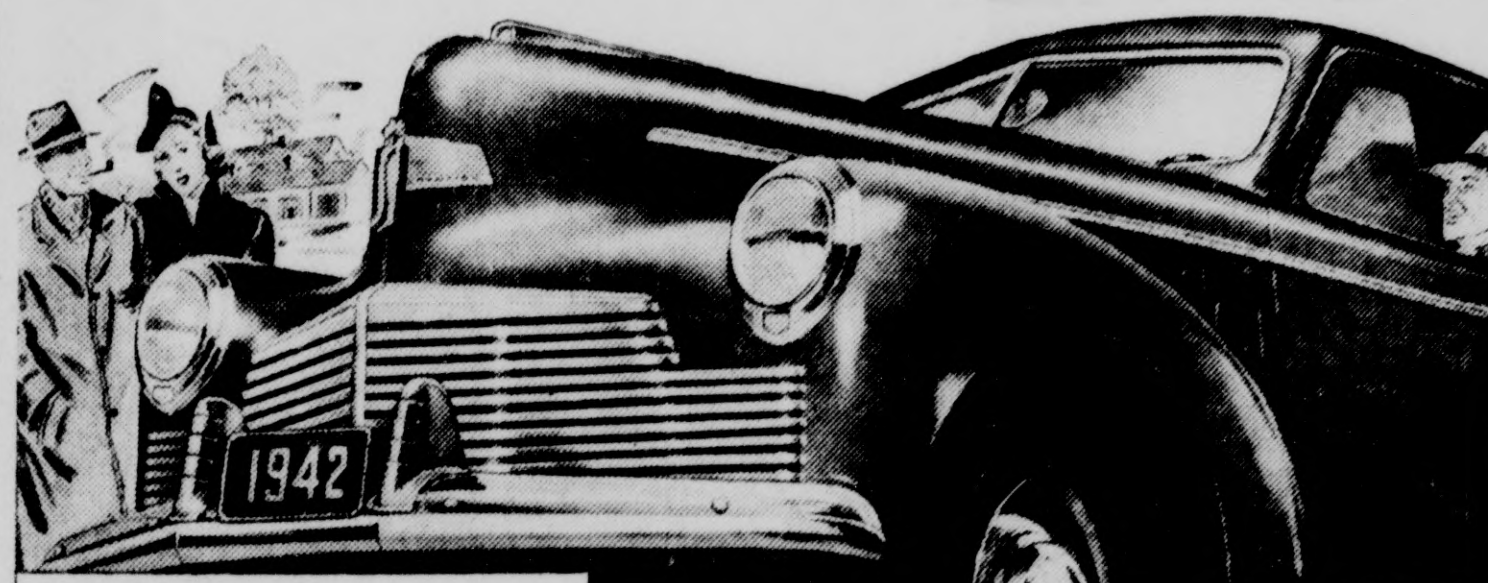

The books will be collected in libraries throughout the country for distribution to army camps, naval bases, USO clubs and other service centers. From five to ten million volumes are expected to be provided by the government which are excellent in quality, but inadequate in quantity.

The campaign will be financed by the American Red Cross and the USO. Under the program outlined for the campaign, Lawrence county citizens will be asked to contribute books. The motor corps of the chapter will collect them, if it is impossible to get them to the libraries. All books obtained will be classified and listed and reports will be sent to headquarters of the national defense book campaign in New York City, where a distribution control system will be operated.

CALL TO GENEVA BY RELATIVE'S DEATH

Mrs. Minnie Mayers of Scott street has returned home from Geneva where she was called because of the death of her brother-in-law, Henry Brooks, aged 21, who died last Friday.

Mr. Brooks was born and lived all his life on a farm at Brooks Chapel. Brooks Chapel was built by Mr. Brooks and his brother many years ago in order that neighbors might have a church and cemetery in the community. The government has now taken over his farm, the church and part of the cemetery for a T. N. T. plant there.

Members of the community have been allowed 15 days to move the church off government owned land. Mr. Brooks' home is to be used for offices.

His wife, Mary Grace Marsteller Brooks, formerly of West Middlesex, was killed five years ago when run over by a reaper on the Brooks' farm.

Hear Roll Call Goal Is Attained

Chapter Board Of Red Cross
Hears Reports On Activities Tuesday Evening

CHAPTER BUSY ON WAR ACTIVITIES

At the monthly meeting of the Lawrence County Chapter, American Red Cross, which took place Tuesday evening, in the Chapter House, Roll Call Chairman Norman E. Clark presented a report stating that while final returns on the recent Roll Call were not complete, it was indicated that the goal of \$20,000 would be reached when final reports are all in.

At the same time, the Chapter made preparations to raise its share of the fifty million dollar War Chest sought by the National Red Cross. Walter W. Duff, chairman of the War Chest committee and will announce his plans for the campaign in the near future.

Chairman Harry Culliford reported that 17 first aid classes are under way in scattered sections of the county, with 380 persons enrolled and that additional classes are being formed. He announced a First Aid Instructor course for the week of February 9.

Eight classes in home nursing are being taught, with 169 persons enrolled. Mrs. J. Glenn Berry, nursing chairman reported, and Mrs. William Cosel reported two classes in food and nutrition, with room for more persons in the Wednesday evening class.

Dr. John Meehan, chairman of the Junior Red Cross, reported 11,692 Juniors enrolled, and outlined a great number of activities they are carrying on.

Mrs. John McIlwraith reported that the Motor Corps had traveled

937 miles in the past month, and asked for volunteers, particularly women with no family ties who can serve at night.

Mrs. W. W. Duff, chairman of surgical dressing work, reported 21,490 surgical dressings were shipped last month, bringing the total to date to 112,000, with a new quota of 25,000 being worked upon.

Mrs. John E. Elliott, chairman of all volunteer services reported that 315 garments had been completed last month, and 39 layettes bringing the layette total to 300, filling the quota.

Mrs. Robert Garland, chairman of knitting, reported 430 completed garments, and stated that the knitting unit is now busy knitting for the local company of the Pennsylvania Defense Corps.

Service pins were presented to Charles Brest, chairman of life saving; Mrs. Mary Conti, Mrs. Robert Garland, Mrs. John E. Elliott, and George D. Reid for outstanding service to the chapter.

William W. Kelly Is Naval Aviator

Local Youth Completes Training For Wings At Jacksonville, Florida

To William W. Kelly, 25, of 344 Shaw street, this city, the U. S. Navy has accorded the right to wear the winged symbol of a naval aviator.

Kelly recently completed his seven-month pilot training course at the U. S. Naval Air Station near Jacksonville, Fla. At the same time, he received a commission as Ensign in the Naval Reserve.

Kelly will proceed as a flying officer into active duty with the nation's naval air forces. He is the son of Mr. and Mrs. Newell A. Kelly, of New Castle, and reported on April 17 for advanced flight practice at Jacksonville after preliminary training at Philadelphia.

The local youth graduated from New Castle High School and Amherst college, Amherst, Mass. He received an A. B. degree in economics at Amherst.

SODALITIES GROUP

Members of the Lawrence County Union of Sodalities will meet on Sunday afternoon, December 14, in St. Mary's hall, the meeting having been postponed from December 7. The session will open at 2 o'clock.

TIRE AND WHEEL BALANCE

Owing to high operating speeds of the modern motor car, proper tire care has become a very important factor in the correct and safe performance of the automobile as the longevity of many moving parts on the car has been found to depend a great deal upon proper balance. So has correct tire performance become dependent upon balancing tires and wheels.

War Department Will Give Notice If Casualty Comes

WASHINGTON, D. C., Dec. 10.—The War department is receiving a tremendous number of inquiries by telephone and telegraph relative to the safety of individual members of the Army on duty in foreign garrisons. The volume of these inquiries is so great as to preclude the possibility of individual replies.

It is standard War department procedure to notify the next of kin as promptly as possible of any casualty sustained by a member of the Army while on foreign service. As soon as casualty reports are received and checked, notifications by wire are sent to the persons concerned.

Relatives and friends of Army personnel will greatly assist the War department by refraining from inquiring as to the safety of individuals.

Old Street Cars Have Been Sold

Will Be Dismantled As Soon As Service Is Completed On City Lines

In less than 24 hours, 12 one-man safety cars which have been in operation here more than a score of years will have been retired as active passenger transports and some time in the future they may become "storage rooms," "hamburg restaurants," picnic grove "cottages," sleeping cabins or whatnot.

The New Castle Street Electric Railway company has sold all of the cars to the G. A. C. company of New York who plan to dismantle the cars of their motors and other salvageable material, then sell the bodies. The salvageable material will be sold to other street car companies or persons needing motors. One report said some motors will be shipped to South America.

As soon as the new buses take over the street cars will be operated to the car barn on South Beaver street, never to be "driven" through the streets of this or any other city as a carrier of passengers.

New York City Has Third Air Raid Alarm

(International News Service)
NEW YORK, Dec. 10.—New York City's third "alert" was sounded at 8:35 a. m., today.
Fire engines and police cars with sirens screaming sped through the streets, warning cars and pedestrians.
Indications were there would be a more conscientious observation of the warning signals than obtained yesterday.
Overnight, many office windows had been coated with lampblack and shrouded with curtains.
The alert was not only city-wide

but extended out into Long Island. Farmingdale police reported an alert there at 8:51 a. m., 16 minutes after the New York alarm was sounded.

Fear Hitler May Get Control Of French Fleet

By KINGSBURY SMITH
International News Service Staff Correspondent

WASHINGTON, Dec. 10.—Official Washington today is deeply concerned over the danger of Germany getting control of the French fleet at French African bases.

With the United States now engaged in total war with Japan, it is feared the European axis powers are bringing renewed pressure of the strongest kind to bear on the Vichy government of France for the use of African bases and units of the French fleet.

The reported visit of Admiral Francois Darlan, French premier, to Rome to see Mussolini is considered part of the axis pressure drive on Vichy.

It is believed in Washington that Mussolini intends to demand facilities for the axis in French Tunisia. If France grants this concession, American officials believe it will be the opening wedge for the axis use of important air and naval bases throughout French Africa.

America's one hope in this respect is considered to be the aged Marshal Henri Pétain, who pledged his word of honor that the French fleet and African bases would not be turned over to the axis.

The last official word received by the American government from reliable sources in Vichy indicated that the marshal was keeping his promise.

In Religious and Fraternal Circles

Protected Home Circle

There will be a regular meeting of New Castle Circle, No. 5, P. H. C., Wednesday evening at eight o'clock. Officers for the ensuing term will be elected.

Plans are being made for a joint junior and senior Christmas party, to be held December 17, and plans for this event will be completed at the meeting Wednesday evening.

Moody Men's Class

Members of the Moody Men's Bible class, First Methodist church, will meet Thursday evening at 8 o'clock in the church. Arrangements will be made for a venison dinner. The meat is to be supplied by the church pastor and teacher of the class, Rev. W. V. McLean, who shot an eight-point buck the first day of hunting season.

Spiritualist Church

Good Will Spiritualist Church of Christ, Clendenin hall, Washington and Mercer streets, will have a mid-week service this evening at 8 o'clock. Rev. James H. Anderson, pastor, will speak on the subject, "I Am the Voice of One Crying in the Wilderness, Make Straight the Way of the Lord." There will be demonstration of spirit return and divine healing.

Postponed Party

The Christmas party planned for Thursday evening, Dec. 11, for members of the intermediate department of the First Presbyterian Sunday school has been postponed until next month.

On Sunday morning, Dec. 14, the story of Christmas is to be told to the intermediate department members at 9:45 o'clock by Anna Ruth Snyder. Anna Ruth will illustrate her story by use of the flannel-graph. Members of the department will welcome any visitors at this service.

Nora Landis Circle

Nora Landis Missionary circle of the First Baptist church will meet Thursday, Dec. 11, at 6:30 p. m. for a tureen dinner at the church.

To Show Pictures

Rev. Homer K. Miller of the Volant Presbyterian church announces that the picture, "The Child of Bethlehem," will be shown at that church this evening at 8 o'clock.

Ecclesian Club Elects Directors

Election of directors took place at the Ecclesian club meeting Tuesday evening in the club rooms, East Washington street.

For two years Ray McAuley, Clarence Brown, Francis W. Frey, Stanley R. Koprowski, Leo Moosman and Chris Connors; one year: Frank Haas, Paul Ellsworth, Morris Neilson, Joe Factor, Clarence Klaber and Francis J. Frey.

The directors will elect the active officers on Tuesday, Dec. 30. Following December 15, all activities will be in the new Ecclesian club rooms, South Jefferson and South streets. On December 19 the motion picture of "Dickens' Christmas Carol" will be shown to the children of St. Joseph's school, and children of the members of the Ecclesian club.

Dear Editor:

Now that our Country is at war, I, as well as millions of other citizens, would like to do our utmost to conserve materials vital to the defense programs.

May I make a suggestion? It is understood storekeepers are asking customers to bring baskets to save on paper bags. Can newspapers help in defense work? If so, inform the readers and the news will spread. I, as others, burn accumulated papers cluttering basement.

Perhaps the aluminum pick-up system could be applied every two weeks or so. Incidentally, what else can be accumulated?

Won't you suggest to the public what we can perform to do our part now that we're at war?

Sincerely,

MRS. HARRY J. STEIN

New Castle News.

Dear Editor: While making a brief stay in your city, I visited the Greater New Castle Association art exhibit as I am a former member of The American Homes' Staff of decorating inquiries.

I happened to observe an incident which seemed of interest to the readers of Fred L. Rentz' newspaper. The Greater New Castle Art Exhibit was a fine stimulant to the art world.

While at The Castleton, I was amazed to see previous to the opening of the exhibit, two large decorative panels were sold from the lobby of the hotel.

I learned they were painted by one of our former contributors to The American Home, Grace Parker Bohn.

At the close of my stay I learned failing eye sight forced her to discontinue the work with us.

Sincerely,

ANN BURKHART

Even the good things of life are sometimes slowly accepted.

Bathing, for instance.

The early Egyptians knew and practiced sanitation and bathing.

The ancient Romans had sumptuous bathing emporiums.

It wasn't until the 17th century that Europe took to the bath.

And then in only the most gingerly and careful manner.

The ancients made bathing a social feature.

They knew about steaming, massaging and oiling the body.

The Egyptians had six baths, shower baths and plunge baths.

Until recent years, there were few bathtubs in Paris hotels.

Americans have the best plumbing and bathing facilities.

Sanitation has advanced far in this country.

Living costs are now advancing more rapidly than in the corresponding period of the World War I, the Department of Commerce says.

Industrial Heads, Union Officials Have Unity Rally

Ellwood City Groups Ready To Co-Operate In Present Crisis

ELLWOOD CITY, Dec. 10.—Ellwood City industrial leaders and labor are ready to do their utmost in cooperation in the present crisis it was signified last night when leaders and S. W. O. C. union officials gathered for a unity meeting last night at the S. W. O. C. hall.

Samuel Tooch presided as chairman and explained the purpose of the meeting. Representatives from the following unions were present, National Tube, United Tube, Aetna Standard, Beaver Enamel, Ellwood Foundry, office workers of National Tube. All of these unions expressed the desire to aid to the best of their ability at all times.

Denny Schill, of the Chamber of Commerce, said it would be necessary for men to help in all kinds of defense work and asked for aid to the Red Cross and other organizations.

Margaret Bodenstein, Red Cross executive, explained in detail when and where to volunteer for Red Cross courses in first aid, civilian defense, etc. She also asked for financial support for the Red Cross.

Talks by Burgess William McGlinchey and Chief of Police Ernest R. Hartman, followed. Fire Chief Chester V. Rodgers, gave an interesting talk on incendiary bombs.

Robert D. Johnson, superintendent of the Aetna Standard plant, Mr. Aiken, of the Seamless Steel and Tube company, and Arthur J. Duncan, of The Ellwood Water company, stated that steps had been taken to insure the safety of workers in local plants.

The closing address was given by Carl Rinker, president of Union 1220, who said the unions were ready for any call.

CHRISTIAN WOMEN HEAR TALKS ABOUT HOME MISSIONARIES

ELLWOOD CITY, Dec. 10.—Members of the First Christian Church Women's Missionary society gathered last evening at the home of Mrs. Herbert Newton, Fountain avenue, for the December meeting.

Mrs. Gillespie led the devotionals and Mrs. Emma Solsberg presented the topic, "Home Missions". Mrs. Herman Patton told about the work done by Mr. and Mrs. Charles Crawford and Mr. and Mrs. Franklin Smith, in Alaska; Mrs. Anna McKinley described the work of Fran Vaas in California and Mrs. Rhettla Maskrey explained what was being done by Constance Jaroschek in working with the aliens in this country.

Mrs. A. D. Henderson assisted in serving a dainty lunch after which members departed to meet again in January at the McKinley home, Fourth street.

LITTLE BRIDGE CLUB AT STEINBERGER'S

ELLWOOD CITY, Dec. 10.—Two former members, Mrs. Joseph LaMark of Coraopolis and Miss Irma Irwin of New Brighton, were guests of the Little Bridge club last evening when members were pleasantly entertained at the home of Mrs. Clytus Steinberger, Country Club drive.

After several hours of cards, the nice awards, the nice awards went to Mrs. L. R. Davis and Miss Irwin. After the hostess served a delicious lunch, members departed to meet again on Tuesday, December 23, for a Christmas party at the home of Mrs. William Jones, Beatty street.

Mrs. Dale Mason Entertains Class

ELLWOOD CITY, Dec. 10.—One of the loveliest Christmas dinners of last evening took place at the home of Mrs. Dale R. Mason, Second street, when she entertained 45 members of the First Presbyterian church Margaret Pugh class for the annual Yule party.

Arrangements were in charge of Mrs. David T. Marvel, Mrs. William Matlocks, Miss Eleanor Ingham, Miss Lorena Thompson, Mrs. J. Ellis Bell, Mrs. Preston Rollman and Mrs. H. S. Gold.

The evening was devoted to making toys for the Children's hospital in Pittsburgh. While the group sat about the open fireplace, Mrs. Malcolm Murray read the story of "The First Christmas Tree".

Attractive gifts were presented to Mrs. Mason, teacher of the class, and Mrs. Malcolm Murray.

Another meeting will be held at the church on the second Monday of January.

Legionnaires At Annual Banquet

ELLWOOD CITY, Dec. 10.—D. E. Cain, W. P. Simpson, D. S. Jones, Lawrence Barnhart, James Jennings, Charles Baird, Wange Baird, J. R. Weddell and Robert W. Taylor attended the annual Beaver County American Legion banquet held last night at Beaver.

Western vice commander, Louis Nagy stressed the need of keeping "our feet on the ground in the present crisis." Past Western Vice Commander, Daniel Hartbauer, Pittsburgh, spoke on Americanism and stressed loyalty.

Past state commander, Edward Sterling gave a very forceful address on national defense and explained the part legionnaires can do in keeping the nation unified.

Past county commander, McKnight was presented with a copy of his services during the past year. At the conclusion of the banquet, the 150 legionnaires present listened to the President's address.

Holiday Lights To Burn Friday

ELLWOOD CITY, Dec. 10.—Santa Claus will come to town on Friday evening and after turning on the Christmas lighting he will go to his igloo on the city building steps and greet the children of the community from 7 to 8:30. Santa will also start the carol singers on their first Christmas carol and all in all it will be a colorful opening of the Christmas season.

Stores will start remaining open on Friday evening until 9 o'clock and continue the evening opening until Christmas. Daylight signs are being attached to the White Way poles today and these signs show Jack in the Box, horns, Christmas canes, soldiers and other toys of toyland.

All children are urged to get their letters ready for Santa Claus because he will have his mail box set outside his igloo where the letters can be deposited at any time.

Legion Auxiliary Has Merry Party

ELLWOOD CITY, Dec. 10.—In a lovely Christmas setting, members of the American Legion Auxiliary entertained their husbands and the Randolph Post and their wives at a merry party last night at the Sixth street hall.

The early part of the evening was devoted to various diversions with the prize winners being Mrs. Hugh Holliday and William LeViere, for bridge; Carl Eicholtz and Mrs. Joe Book, for 500; and Mrs. Minnie Miller and Mrs. S. R. Berstler, for Chinese checkers.

At 10 o'clock, the fifty attended stopped activities to listen to President Roosevelt.

Later in the evening, Santa Claus appeared and presented each guest with a gift. Mrs. Earl McCandless and a committee were in charge of the successful arrangements and also served seasonal refreshments.

Isabel Thoburn Class Dinner

ELLWOOD CITY, Dec. 10.—A delicious chicken dinner was enjoyed by members of the Isabel Thoburn class of the First Methodist church dining room.

Twenty-one participated with special guests being Rev. and Mrs. Paul Trimpey, Mrs. Grimes and Miss Janet Lytle. Mrs. Bertha Trimpey was welcomed as a new member. Members were most pleased to have back with them Mrs. S. L. Douds and Mrs. G. Y. Fike, who have been ill for sometime.

The dinner was served by Mrs. Lytle, aided by Miss Janet Lytle. The hours were spent socially with gifts being exchanged and attractive class and individual gifts being presented to Mrs. Minnie Reynolds, the class teacher, and Mrs. Lytle, the president.

Card Of Thanks
We wish to thank our relatives, neighbors and friends for their kindness during the recent death of our son.

MEMORIAL CLASS HAS YULE PARTY

ELLWOOD CITY, Dec. 10.—The Bell Memorial Presbyterian church was the scene of a pleasant gathering last evening when members of Class 19 of the Bell Memorial Presbyterian church gathered for their annual Yule dinner.

Thirty partook of a delicious dinner served by the social committee. The evening was spent socially with gifts being exchanged and the class teacher, Mrs. Harry Lash, was presented with a lovely gift.

Miss Doris Cooper Is Gradale Hostess

ELLWOOD CITY, Dec. 10.—Twenty-seven members and two mentors, Mrs. William Matlocks and Mrs. Donald Schell of the Gradale Sorority gathered last evening at the home of Miss Doris Cooper, Wurtemberg Heights, with Miss Lois Durnell as associate hostess.

Misses Gladys and Louise Partridge were special guests and Miss Gladys Huffman and Miss Edith Worcester were welcomed as new members.

After the meeting conducted by Miss Gertrude Cragle, Miss Lettie Henry and Mrs. George Thornhill conducted a white elephant sale. Gifts were exchanged and the hostesses served a delicious lunch.

Another meeting will be held on Tuesday, January 6, at the home of Miss Margaret Fanchalski, March street.

Dinner Features Rebekah Meeting

ELLWOOD CITY, Dec. 10.—Most enjoyable was the tureen dinner and Christmas party held last evening by members of the Rebekah Lodge at the bank hall with the dinner being served by the losing team of a recent contest.

Business was in charge of Mrs. John Duffy with plans being made to begin a series of card parties in January.

Mrs. William Travis was then in charge of an entertaining Christmas program which opened with carol singing. Mrs. Gladys Hill offered a reading and a play, "Mrs. Brown's Gossip", was presented by various members. Santa Claus then made an appearance and presented each member with a pretty gift.

Another meeting will be held on Monday, December 22, at the hall.

Annual Party Of Braeden Circle

ELLWOOD CITY, Dec. 10.—For the annual Christmas party, twelve members of the Wurtemberg U. P. church Mary Braeden Circle gathered last evening at the home of Mrs. Wilbert Cowan, Wurtemberg road.

"Pathways Old And New" was the topic presented by Mrs. Lester Pander as leader and those taking part were Mrs. Clifford Gibbons, Mrs. Hugh Timblin, Mrs. Victor Koach and Mrs. Robert Taylor.

Plans were made to pack Christmas boxes for soldiers. The rest of the evening was spent informally with games and a gift exchange after which refreshments were served by the hostess aided by Mrs. Robert Taylor.

On Tuesday, January 13, the Circle will meet again at the home of Mrs. Don Hepler, Wurtemberg.

Reading Circle Elects Officers

ELLWOOD CITY, Dec. 10.—Mrs. J. P. Morrison graciously opened her home on Crescent avenue on Tuesday to members of the Reading Circle with 11 members and two guests, Mrs. Grace Nevin and Mrs. Patterson, in attendance.

The first feature was an election of officers which resulted: President, Mrs. Carl Bauder; vice president, Mrs. J. E. Van Gorder; and treasurer, Mrs. Hilda Lundgren.

A Christmas party and gift exchange followed after which the hostess served delicious refreshments.

The January meeting will be held at the home of Mrs. Jennie Harris, Park avenue.

MARTHA COSBY CLASS MEETING

ELLWOOD CITY, Dec. 10.—Martha Cosby class members enjoyed a delightful chicken dinner last night at the First U. P. church.

The dinner was served to 33 members of the King's Daughters class. Carol singing and a gift exchange were the diversions. Tuesday, January 13, is the date of the next meeting.

TO PACK BOXES

ELLWOOD CITY, Dec. 10.—The Gleahers class of the Wurtemberg Methodist church will pack Christmas boxes for boys in army camps and asked anyone interested to leave donations of candy, gum, cigarettes, cookies, etc., at the home of Mrs. Thomas Riney, Wurtemberg. The boxes will be packed on Friday morning.

ELLWOOD CITY, Dec. 10.—Members of the Mary Braeden Circle and Willing Workers class of the Wurtemberg U. P. church will meet on Thursday night at 7:30 o'clock at the home of Mrs. Clifford Gibbons, Wurtemberg, to pack Christmas boxes for boys of the Wurtemberg vicinity in army camps.

The boys are: Bruce Wright, Harold Wilson, Lorain Kettler, Billy Friday, Charles Rupert and George Bader.

Anyone in the community who would like to add a contribution of candy, gum, cigarettes, cookies, or other gifts is invited to leave their articles at the Gibbons home.

Service Society Has Yule Party

ELLWOOD CITY, Dec. 10.—Assembling last evening at the Magyar church of Ellport, thirty-five members and guests of the Wurtemberg Women's Service club enjoyed a chicken dinner last evening after which gifts were exchanged.

Three new members, Mrs. Edna Hinkle, Mrs. Clair Courson and Mrs. Calvin Courson, were received. Dinner arrangements were in charge of Mrs. Gertrude Reno, Mrs. Minnie Main, Mrs. Mary Pander and Mrs. Ethel McNary.

The Wurtemberg girl scout troop sang a group of carols after which games were enjoyed with the prizes going to Mrs. Mona Wiley, Mrs. Irene Cogley and Mrs. Hinkle.

It was decided to help the scouts pack Christmas baskets and to sew for the Red Cross at the next meeting on the second Tuesday of January.

Annual Party Of Schaffner Class

ELLWOOD CITY, Dec. 10.—Sixteen members of the Emma Schaffner class gathered last night for the Immanuel Reformed church for the annual Christmas party.

A delicious dinner was served to sixteen members of the Young Women's class after which Mrs. Harry Shirey conducted a meeting with the following officers being chosen for the new year:

President, Mrs. Harry Shirey; vice president, Mrs. William Duncan; secretary, Mrs. Russell Stiller; and treasurer, Mrs. James Mackey.

Gifts were exchanged and birthday presents were also given to Mrs. William Duncan and Mrs. James Mackey.

Another meeting will be held on Tuesday, January 13, at the home of Mrs. Alvie Amaloug, Woodside avenue.

Fidelity Class Aids Red Cross

ELLWOOD CITY, Dec. 10.—Most enjoyable was the Christmas party held last evening by members of the Fidelity class of the Bell Memorial Presbyterian church in the church dining room.

A delectable turkey dinner was served to 28 members by the officers with Mrs. Walter Blatchford as general chairman. Mrs. Frank Cole and Mrs. Earl Marshall directed entertainment, after which gifts were exchanged. Handsome gifts were presented to the teacher, Mrs. William Jackson, and the president, Mrs. Walter Hawk.

A brief meeting was held and it was decided to give \$5 to the Red Cross.

Turkey Dinner For Presbyterian Class

New Bus Service Starts Tomorrow

OUTSTANDING improvements in New Castle's transportation facilities will be made throughout the city tomorrow. Service will be inaugurated by a fleet of new Diesel and gas motored buses — modern in every detail — designed and equipped to meet today's city transit requirements.

The present street car and bus service will operate throughout the morning and early afternoon. Then at approximately 2:00 o'clock the street cars and old buses will be withdrawn and the new, completely modernized bus service will begin on all lines.

Fine Fleet of New Buses

You will enjoy your rides in the new buses. They are of the latest design for city service—embodying comfort and convenience for passengers and highest efficiency in operation.

Two types of buses are in the fleet. Some are equipped with Diesel motors; others with gas motors. All are the product of the Yellow Coach Division of General Motors—largest builder of buses in the United States.

The Diesel-motored buses have a seating capacity of 29 passengers. The gasoline buses each seat 25.

Speedy, Reliable

They are speedy, reliable, amply powered for all-weather operation. They are equipped with powerful service and emergency brakes and with the latest approved devices for safety.

The buses are rear-motored. The engine is in a compartment at the back of the bus, thus providing a distribution of weight which assures best operating speeds, ease of riding and facility in starting and stopping.

Comfort of Private Car

Seating, lighting, ventilation and heating are of a superior order, features of importance to the riders.

Operation of the buses will be like that of high types of automobiles, giving passengers the comfort of private cars.

Routes and Fares Unchanged

Tomorrow morning you will ride downtown to work or business in your usual street car or bus. In the afternoon you will ride home in a new bus—modern, comfortable, convenient. Though the service changes from the old to the new, there will be no change in the routes to which you are accustomed, but the lines will be joined differently for through service.

The combination of lines in the new bus service will be as follows:

HIGHLAND and MAHONINGTOWN

These lines, which have operated separately as street car lines, will be joined as one through bus route.

The buses will cross Washington street. Southbound buses will stop, after crossing, at the Citizens Bank to take on and discharge passengers. Northbound buses will stop at the Isaly store. Other stops will be as heretofore.

CASCADE PARK and WEST SIDE

These buses will operate as one through route, traversing Jefferson street between the square and Grant street, instead of going through Beaver street.

CROTON and JEFFERSON

These lines also will operate as one through route.

There will be no change in the rates of fare. All outstanding tickets will be accepted and weekly passes will be honored for the entire week for which they have been issued.

Buses Pull to the Curb

Passengers will board the buses and alight from them at the curb. No longer will it be necessary for them to go through traffic to and from the middle of the street.

The buses will pull to the curb at all stops, so that passengers may get on and off easily, conveniently and safely. Thus the new service will remove entirely an accident hazard to which many have daily been exposed.

Aid Traffic Conditions

Another important feature of the new service is that it will aid materially in solving vexing traffic problems.

No longer will street cars cause delays by occupying the middle of the street, and no longer will your ride to work or to your home be held up because a truck or automobile is parked too close to the railway tracks.

Operation Is Flexible

Buses are flexible in operation. They can easily turn out to pass other vehicles and can yield passageway to them.

Buses take their place in the normal flow of traffic as readily as your private automobile.

New Castle's new bus service will give to the people of the city for the first time the full advantages of the most modern means of transportation.

It will be a service you will like—its use will relieve you of driving worries and solve your parking problem.

Scout Council Has Anniversary Dinner Tuesday

Charles W. Carbeau, Of Ellwood City, Re-Elected As County President

EVENT HELD AT
ELLWOOD CHURCH

Charles W. Carbeau, president of the Ellwood company of Ellwood City, and this year's president of the Lawrence County Boy Scout Council, was re-elected as council president at the annual anniversary dinner in Ellwood City Tuesday night.

More than 150 representatives of the county's four scout districts, New Castle, Ellwood City, Bessemer and New Wilmington, gathered in Trinity Lutheran church, Spring avenue, Ellwood, for the event.

W. Boyd Barrett, chairman of the Ellwood City district, presided at the opening, and introduced the council president. Mr. Carbeau brought a few words of welcome and called upon Thomas D. Jones, assistant scout executive, for a detailed report of the local scout organization's activities during the past 12 months.

Rev. A. M. Smutp, chairman of the nominating committee, was asked to report and after his report was accepted by the council, a vote was taken.

Mr. Carbeau introduced the speaker of the evening, Harman D. Denney, Jr., of Pittsburgh. Mr. Denney is chairman of Boy Scout Region Three of which Lawrence county is a part.

In an interesting address, Mr. Denney explained the part that scouts will be expected to play in the present national emergency, and in the future as citizens of our great country. The speaker cited many examples where former scouts have made great headway and now hold positions of responsibility in many fields of endeavor.

Detailed report of the nominating committee and the tellers who counted the ballots was made as follows: Council president, Charles

W. Carbeau, vice presidents, A. H. Mellor, Frank W. Hill, Boyd Barrett, W. F. Campbell, Sam McCullough and Louis B. Round; council commissioner, Ralph F. Davis and council treasurer, Edgar L. Thompson.

Council members-at-large were elected as follows: Charles W. Carbeau, Dr. R. C. Lutz, N. J. McCluskey, Ralph S. Reed, H. M. Bradley, Boyd Barrett, Gerald M. Newton, Rev. A. M. Stevenson, Ralph F. Davis, J. J. McLaughlin, Nelson Runyan, Elden D. Danner, Ellis Bell, Dr. A. C. Hoemstine, William C. Mitchell, Russell J. Schill, Dr. G. S. Bennett, Louis B. Round, Marshall Matheny, Fred L. Rentz, Jack Pearson, William G. Ayres, Hans N. Drio and E. D. Hawk.

Three ministers aided with the program, namely, Rev. F. H. Dauken, pastor of the host church, who had the invocation; Rev. Bernie Osterhouse, pastor of the Ellwood First Baptist church, who led the pep singing, and Rev. A. M. Stump, of St. Paul's Lutheran church of New Castle pronounced the benediction.

Baxter And Leasure Fight Here Tonight For County Crown

Baby Leasure Battles Cordy, Burke Tackles Tommy Brocklin

REALE-CUNNINGHAM; FOO YEE VS HARVEY

HERE AND THERE IN SPORTS LAND

Middleweight championship of the amateurs will be decided tonight in The Arena when Les Leasure attempts to wrest the crown from Russell Baxter who won it some months ago.

The rivals, both local boys, will meet in the same ring where Baxter won the crown and it is anticipated that when the doors open at 7:30 p. m. fans will flock into the punch arena. The first of seven fights will begin at 8:30 p. m. promptly.

In the first fight Baxter, a more polished fighter than Leasure, who does on slug, stepped into the ring and sent a left to the jaw that knocked Leasure down. He got up recuperated and bored in.

The second and third rounds were filled with punches but Baxter received the decision. Inexperience was ascribed to Leasure's failure to capture the fight.

Since then Leasure has come along like a prairie fire. Les has defeated Pete Misto several times. Pete is rated high. And of 35 fights Leasure has won 32 which is an enviable record.

During the last several weeks Baxter seems to have regained his former form. He knocked out rugged Mike Burke. This assuredly is an indication he has the punch a mid-weight needs.

"Breaks" May Decide Winner Both have trained vigorously. Baxter wants to hold the title and Leasure has a craving to win the fistic gem. No one now can tell who will win. In our way of opening the "breaks" will decide tonight's fight.

There are other fights on the card; for instance the light-heavyweight battle carded between Billy Reale, the loop 'em puncher, and Denny Cunningham, a reputedly good 175-pounder from Warren, O. Baby Face Leasure, brother to Les and a good prospect, will take on Frankie Cordy of Warren, O. at 133. Cordy is no slouch with his fists and the Baby Face has a fight ahead of him.

Jackie Burke Coming Jackie Burke, an 18-year-old jab-smith from Vestaburg, will take on Tommy Brocklin, a good amateur welterweight of Warren, and this also should be replete with action.

Johnny Watson, who fought Baxter here recently, has been calendered with Pete Misto, who stands runner-up to Baxter and Leasure. They will weigh 150 for their joust.

Foo Yee, Youngstown Chinaman, and Moe Harvey, flyweights, ought to set the ring ablaze with their speed and punches although no one expects 'em to unfurl a "kayo". Both cater to speed rather than "sock".

Westminster's Art Wetherwas, a novice, will tackle Vic Reghetti of Warren, another novice at 150. Too much should not be expected from the novices because they lack experience but make up for it in will-fingness.

The same goes for Roy Swank of Vestaburg and Jimmy Corgan of Niles at 138.

Sanctioned By State, A. A. U. In all, there will be eight amateur battles. The show has been sanctioned by the Pennsylvania Athletic commission and the A. A. U. Officials will be appointed shortly before 8:30 p. m., when the fights begin.

Because of an anticipated overflow crowd who wish to see the mid-weight title fuss settled, fans have been asked by the Jefferson A. C. officials to go to their seats immediately upon entering the Arena, which has a splendid heating system, is well illuminated and spacious.

COP ELEVEN GAMES South Side Crusaders finished the football season minus defeat, coping 11 consecutive frays. Ben Jacobs and Bill Bartlett led the ball carrying brigade with J. Abraham, M. Hassan and G. Albert stalwarts on the line.

TEMPLE'S LONGEST PHILADELPHIA—Andy Tomasic set a record at Temple when he returned a punt 68 yards against Georgetown. That stands as the longest such run in Temple's history.

Veteran On Titans Team

JOE SPAK

NEW WILMINGTON, Dec. 10.—Although not in the scoring line-light, Joe Spak, Westminster guard, is one of the most dependable cogs in the Titan scoring machine.

It is Spak's job to set up the Titan scoring plays from outside the offensive zone. A hard-worker, Spak has played consistently high-grade ball for Westminster for the past three years; and this year winds up his basketball career for the Blue and White.

Since Spak works around the edges of the scoring zone, he gets very few chances for close-up shots; but the Pittsburgh senior is a dead-shot from both the field and the foul line when he gets a scoring opportunity.

Spak will be in the starting lineup this Saturday evening in Pittsburgh against the Carnegie Tech Tartans.

Other Titan starters will probably be Ridd and Fox, forwards; Wask at center; and Dummire at the other guard post.

Junior Sunday School League

Friday night at the "Y" at 7:30 o'clock, managers of Junior Sunday school teams will meet with William "Butch" Winters, physical director for the purpose of organizing for the season.

The league is for boys between the ages of 12 and 16. Letters have been sent to the various ministers concerning the league and they have been asked to give their managers a letter of authorization.

Only adult leaders will be permitted to attend the meeting on Friday night.

An exceptionally strong holiday business is indicated for December, according to the Department of Commerce.

SPORTS WORLD RAMBLINGS

Will war affect local sports? Now that America has been plunged into war by an assassin as insidious as an angered bull and serpent rolled into one, what effect will the sanguinary conflict have on local sports? Basketball will be the least hit. Boxing and baseball have and will continue to enter a more important part in the fracas.

Basketball here is played, in the main, by growing youths who hardly figure in Uncle Sam's plans, due to their adolescence. If the Selective Service Act is replaced by a regular war-time draft, older cagers who perform in the independent ranks may be affected.

Since boxing is a minor sport and conducted on an amateur scale, the game doesn't stand to play a predominant part. Several of the local simon pures, however, may be affected if the aforementioned war-time draft is adopted. Sergeant Johnny Dean, with a sincere love for the game, will have to junk his pugilistic affections until the vicious adversary has received the lesson it deserves.

If the war isn't settled by baseball time the national pastime will receive the most terrific jolt. Most of our teams have already con-

Hank Greenberg Will Re-Enlist

(International News Service)

PHILADELPHIA, Dec. 10.—Big Hank Greenberg, former Detroit slugger recently released from military service, today prepared to forsake baseball as a career and re-enlist in the U. S. Army for the duration of the war.

"I'm going back in," Hank told friends in Philadelphia. "We are in trouble and there's only one thing to do, return to the service." Greenberg was drafted last May 1 and released as an over-28 selectee a few days ago with the rank of sergeant.

St. Michaels Win Grade School Title

St. Michaels Are Undeclared And Untied For 1941 Season

The St. Michael's church grade school football team is receiving congratulations today and rightfully so, because last week the St. Mikes won the Catholic grade school championship of New Castle by defeating the St. Mary's team 6 to 0. The St. Michael's team defeated both St. Joseph's and St. Mary's twice this past season. The coach of the team is John Gender. The team is supervised by Rev. Fr. William Pisarcik, pastor of St. Michael's church.

New Castle High 1942 Grid Card Announced Today

Mt. Lebanon Only New Team Appearing On Next Falls Schedule

Will Play Ten Games, Warren Will Be Played At Warren In Final Game

New Castle High School "Red Hurricane" football team will play ten games in 1942 instead of 11, it was revealed today as Faculty Manager Norman Nelson announced the completed program for next fall.

The only new team appearing on the card will be Mt. Lebanon High the same team that played and lost to Johnstown for the Class AA title this year. Grove City High had to be dropped owing to school not starting until later in September than it did this year. The contract with McKeesport High ran out this season and they were not put back on the card by the high officials, seemingly not being interested in continuing relations on the gridiron.

Three Games Away
The New Castle boys will be called upon to play three games out-of-town, Sharon at Sharon, Washington at Washington and Warren at Warren. This will mean seven home games for the Phil Bridenbaugh charges.

The season will open on Friday night September 11 with the old friendly rivals Butler High appearing here. The second game will find the strong Youngstown East team here for a night game, having been moved from tenth place on the 1941 card to second.

The Class AA games on the schedule include Butler, Beaver Falls, Washington, Mt. Lebanon, and Scott High. There was some talk that the Ohio schools would refuse to play New Castle next year owing to the differences in the age limit, but all three of the perennial rivals, Warren, East and Campbell are back on.

Eight Night Games
The schedule contains eight night games at present and there is a possibility that Campbell will be here the night of November 6 for a game weather permitting, otherwise the game will be played on Saturday afternoon.

New Castle is hoping for another season in 1941 like the one just passed, in which the "Red Hurricane" swept everything in its path for ten straight games only to lose the finale to Warren High here. Head Coach Phil Bridenbaugh can be expected next year to put out another crackerjack eleven, with Bobby Lee, Bobby Doster, Mike Souvos and John Zubkowsky as the nucleus, plus a flock of fine looking Ben Franklin and George Washington prospects.

Following is the 1942 schedule as submitted to the News today:

Sept. 11, Butler at New Castle.
Sept. 18, Youngstown East at New Castle.
Sept. 25, Beaver Falls at New Castle.
Oct. 2, Sharon at Sharon.
Oct. 9, Farrell at New Castle.
Oct. 16, Washington at Washington.
Oct. 23, Mt. Lebanon at New Castle.
Oct. 30, Braddock Scott at New Castle.
Nov. 6 or 7, Campbell Memorial at New Castle.
Nov. 14, Warren at Warren.

Second U. P. Five Has Eye On Title

Second U. P. In Running For Championship In Church League

The Second U. P. church basketball team has an eye on the 1941-42 church basketball championship, it was revealed by Dick Davis, manager of the team today. The second U. P. team has won four church loop games to date, but had to forfeit one.

Two years ago the Second U. P. team won the Class A championship. They have a "title bee" in their bonnets" again this year. The team is made up of the following well known local floor stars: Johnny McGary, Bob Pitzer former Shengango High star, "Red" Jamison, Chuck Dunlap, Scotty Morrison, Carl Alexander, "Tuck" McKee and Eddie Bayler. The next league game for the second team will be on Friday night with the Croton Methodists furnishing the opposition.

High Quintet Trips Alumni By Tally 39-15

Graduates Fail To Make It Interesting For Current High Five

PLAY AT FARRELL ON FRIDAY NIGHT

New Castle High school basketball team won its second game of the current season last night at George Washington High floor by walloping a good Alumni Five 39 to 15. Friday night the locals will play their third game of the season at Farrell.

The High School team shot into a 9 to 4 lead in the first period and was never in trouble. The end of the first half found the High team enjoying a 19 to 7 lead. The Alumni boys found it hard to locate the basket, making only five field goals the entire game, and only two the entire first half, both by blonde Eddie Cowden.

Reserves Get Chance
The game last night gave Head Coach Phil Bridenbaugh a chance to utilize his reserves which he did for the biggest part of the game and the boys on the so-called second team picked up 12 of the 29 points, young Joe Clazza and Melchar having four points apiece.

The end of the third period found the score 30 to 7, the Alumni being held to a large goose-egg. With the entire second team playing the final period for the High School, the locals piled in nine points and gave the Alumni but eight points.

The High School scoring was rather well divided among the starters with Lee, Cooper, and Zubkowsky looking very good.

"IT'S THE TRUTH AND I'M THE THING THAT PROVES IT!"

YOU SHARE THIS NATION-WIDE SUCCESS YOU GET THIS ALL-AMERICAN WINNER

DODGE has just completed one of the greatest economy demonstrations in the history of the motorcar. This is a brilliant climax to the superb engineering which gave you the great POWER-FLOW ENGINE and the greater ALL-FLUID DRIVE for 1942. Share this great success by investigating these qualities at once, and by making a sound Dodge investment for the years. You'll get giant power that ebbs and flows, and

you'll get All-Fluid Drive performance as Dodge alone supplies it. You'll get twenty other time-famous features which leave nothing to be desired in the modern motorcar. And with it all, you'll get this extreme economy to more than justify your action. Let your old car be your initial payment, and take advantage of the convenient terms which are available. FAIR OR FOUL
By LAWTON CARVER
INS Sports Editor

NEW YORK, Dec. 10.—Most of us don't know much about war and the way it works. We are even more baffled by what they call international diplomacy, but this sports-loving nation which plays in the shade of Uncle Sam's whiskers has a word for the guy who cops a sneak punch. There is an adage that he starts out yellow and can't win over a long haul. So what we of the sports pages had better do is get prepared for the worst in the way of slams below the belt, hope for the best and play the game all the way up to the hilt—especially if it must be with muscles.

We should be able to take care of this thing leveling all the way as we always have, and without having to plant somebody in the ringside to make the other guy look around while we take a belt at him. But if he wants to play it the other way, with everything going, we can accentuate ourselves to joining to the head and hitting to foul territory. We can play it that way, much as it may be against our principles.

There is another thing, too. We produce the world's greatest athletes. I wonder if that is important, considering that the Japs have had developed only swimmers and not many of them. A nation built up on sports ought to be stout-hearted and tough even in this rougher going.

Will Retaliate
What we will have to do is get a lot of target-practice on low punches, sneak punches, elbowing, belting, thumping to the eye and the rest of the tricks that Japs specialize in. It's not the kind of stuff that we brought up on, but neither were we brought up with fighters who stand you in a corner, turn out the lights, then belt you.

We don't win them that way. But one way or another we can take care of coky, mean, tricky four-round boys now appearing in their first main event. We are still the champions and the records show that no challenger ever came back for more.

What effect will all this have on sports in America can be based only on guesses. Many sports were curtailed in the last war, which probably wasn't as long as this one will be. Sports leaders say they are going to do everything they can to have things go at a pace in keeping with the times. Many insist

Stock Market Trend Is Lower

(International News Service)

NEW YORK, Dec. 10.—The stock market recovered further from today's extreme lows as the session reached the noon hour. Trading also quieted down after the active first hour of 620,000 shares.

American Telephone recovered almost \$2 of an extreme break of \$6. Bethlehem halved a drop of \$2.25 and U. S. Steel regained \$1 of a \$1.75 loss. A feature was the sale of 29,400 shares of Warner Bros. at \$4.62 1/2, unchanged from last night's close.

In London, dealings came to a standstill after an easier opening, reflecting news of the Repulse and Prince of Wales sinkings.

Biggest declines in the stock market here were shown by American Telephone, which broke 4 1/2, on a late opening and later increased its loss to 6; U. S. Steel preferred, down about 3; and Bethlehem, Dow Chemical and Santa Fe, each off 2 or more.

Declines of about a point each were suffered by U. S. Steel, Westinghouse, Standard Oil of N. J., Du Pont, Eastman Kodak and Montgomery Ward.

A few scattered issues bucked the trend for minor gains. Included were Sears Roebuck, Union Carbide, U. S. Gypsum and Air Reduction.

Saint Nick Visits Refugees

The Dutch colony in New York celebrates Saint Nicholas Day in true Holland style. Here, the good saint, original of Santa Claus, in traditional bishop's garb hands out candy and gifts to refugee children. More than 200 children were on hand to greet Saint Nick.

Forcing Furnace In Cold
Weather Dangerous, Fire
Chief Warns

URGES CHECK ON HEATING PLANTS

"You have all noticed how many fires break out in cold weather," said Chief James E. Thomas in an interview today. "Yet winter fires are to be feared especially because they bring so much suffering and loss to the victims. Not only does local experience show that there are more fires as cold weather comes on, but the National Board of Fire Underwriters reports a sharp increase in national fire losses at this time."

"Overheated and defective stoves and furnaces are a common cause of these fires," continued the chief, placing the blame on poor maintenance and faulty operation. "An efficient heating plant," he said, "will save fuel and provide more heat, as well as avoid destructive fires. Take my suggestion and keep your heating plant clean and in good repair. Call in a heating expert if you don't get enough heat, because something probably is out of order. Also, never 'force' your fire in cold weather, and use a metal container for hot ashes instead of wood boxes or paper cartons."

"Another recommendation is that new smokepipes be installed if conditions are dangerous. Sagging, rusted smokepipes may permit sparks to fly out and ignite burnable material."

"Once a year you should check up on chimneys. They should be constructed with flue linings of fire clay and be cleaned out every year. Look for cracks and holes that may permit sparks to fly out."

Spontaneous Ignition Fires
"Here is a cause of fire," warned the chief, "that often seems a mystery. The most common causes in homes are oily cleaning mops and cloths, floor cleaning compounds, paint-stained clothing and rags and oily waste. Spontaneous ignition has occurred in rags or litter saturated with fish oils, linseed oil, soya bean oil or cotton seed pressings. They have a tendency to oxidize and heat up. Oxygen then develops actual flames."

"For householders I suggest that paint—or oil saturated clothing or rags be kept in tightly closed metal containers, or better yet, get them out of the house—destroy them. Handle cleaning cloths and mops similarly and dispose of cleaning compounds without delay."

St. Mary's Group Receives Members

New Socialists Welcomed In
Sodality Following Triduum
Services At St. Mary's

Closing services of the triduum were held in St. Mary's church Monday evening at 7:45 o'clock and new members were received into the St. Mary's Sodality.

Rev. Fr. Leo S. Watterson, spiritual director of the Sodality, was in charge of the reception. Services for new members took place; Nancy Lehman, Agnes O'Connor, Eileen Murphy, Margaret Murphy, Bertha Valley, Alice Gribben, Margaret Mary Page and Kathleen Carlin.

Devotions closed with solemn benediction with Rev. Fr. Francis McCarter celebrant, Rev. Fr. William Fr. Galvin deacon, and Rev. Fr. Leo S. Watterson sub-deacon. After devotions, the Sodality met in St. Mary's hall for an informal social period in charge of Mary Alice Carey, social chairman. Members of the social committee presented a playlet entitled "We're In the Army Now," as a welcome to the new members. Socialists participating in the play were Betty Hannon, Connie Flavin, Delores O'Leary, Cecilia Capitola, Mildred Stinard and Mary Alice Carey. Refreshments were served and a get-acquainted period followed.
